IBFS File No. SAT-MOD-20071128-00165
May 16, 2008

SES Americom, Inc. ("SES Americom") request, IBFS File No. SAT-MOD-20071128-00165,¹ IS GRANTED. Accordingly, SES Americom is authorized to operate its Fixed Satellite Service (FSS) satellite, AMC-21 (Call Sign: S2676), using two beams rather than using a single beam as previously authorized from the 125° W.L. orbital location using the 14.0-14.5 GHz (Earth-to-space) and 11.7-12.2 GHz (space-to-Earth) conventional Ku-band frequencies. Other than changing the beams, the conditions contained in the prior authorization² continue to apply. This authorization is subject to the terms, conditions, and technical specifications set forth in SES Americom's application, this Attachment, and the Commission's rules:

1. SES Americom's request for a limited waiver of Section 25.114(d)(3) of the Commission's rules, 47 C.F.R. 25.114(d)(3), IS GRANTED. Section 25.114(d)(3) requests each applicant to provide "Predicted space station antenna gain contour(s) for each transmit and each receive antenna beam and nominal orbital location requested" SES Americom has provided antenna gain information in the .gxt format with one exception: SES Americom has not provided the gain characteristics of the global horn antenna because the .gxt format is not available from the spacecraft manufacturer at this time. Instead, SES Americom has supplied graphical information that demonstrates the relationship between the gain and the off-set angle for this antenna. Under these circumstances, we find that the information provided by SES Americom together with the technical information provided in the application,³ satisfies the purpose of Section 25.114(d)(3). Grant of this waiver request is consistent with our precedent.⁴
2. SES Americom is required to obtain all necessary authorizations from each country which it seeks to serve before beginning service to that country.
3. SES Americom shall maintain the spacecraft with an east/west longitudinal station-keeping tolerance of 0.05 degrees. 47 C.F.R. § 25.210(j).
4. This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective immediately. Petitions for reconsideration under Section 1.106 or applications for review under Section 1.115 of the Commission's rules, 47 C.F.R. §§ 1.106, 1.115, may be filed within 30 days of the date of the public notice indicating that this action was taken.
