December 17, 2012

Marlene H. Dortch Secretary Federal Communications Commission 445 12th Street, SW Washington, D.C. 20554

**Re:** Call Sign S2740 (SAT-MOD-20100329-00058, SAT-AMD-20100610-00127); *Memorandum Opinion and Order*, Application to Modify the License for EchoStar 7 to Specify Operations at the 118.8° W.L. Orbital Location, DA-12-1670 (rel. Oct. 17, 2012).

Dear Ms. Dortch:

DISH Operating L.L.C. ("DISH") submits this letter pursuant to paragraph 8 of the above-referenced *Memorandum Opinion and Order*, which requires DISH to provide the Commission, by December 19, 2012, all information it requires in order to modify the Appendix 30 Region 2 Broadcasting-Satellite Service Plan and associated Appendix 30A Region 2 feederlink Plan to incorporate the characteristics of EchoStar 7's operations at 118.8° W.L.

No modifications to the Plans are necessary as a result of EchoStar 7's move from 118.9° W.L. to 118.8° W.L. The current filings for Direct Broadcast Satellite Service Satellite Network, USABSS-14M, are fully applicable to EchoStar 7's operations at 118.8° W.L.

Please let me know if you have any questions regarding this submission.

Respectfully submitted,

/s/

Stephanie A. Roy Steptoe & Johnson LLP 1330 Connecticut Avenue, NW Washington, DC 20036 (202) 429-3000 Counsel for DISH Network L.L.C.
