Re: Supplement to Application of Intelsat License LLC to Modify
Authorization for Intelsat 8 (call sign S2460), File No. SAT-MOD-
20130830-00110.

Dear Ms. Dortch:

In response to questions from Commission staff, Intelsat License LLC (“Intelsat”) hereby supplements its above-referenced pending modification application to extend the license term for the Intelsat 8 satellite (call sign S2460) until June 30, 2016, the satellite’s estimated end of service life.

The Intelsat 8 power subsystems have experienced some redundancy loss, which has neither affected normal operations nor resulted in a single point of failure. The Intelsat 8 solar panels are functioning normally.

Please contact the undersigned with any questions.

Sincerely,

/s/ Susan H. Crandall

Susan H. Crandall
Associate General Counsel
Intelsat Corporation
