Re: Supplement to Application for Modification of Authority for Intelsat 1R
Call Sign S2368; File No. SAT-MOD-20160219-00019

Dear Ms. Dortch:

In response to a request from the FCC staff, Intelsat License LLC ("Intelsat") hereby supplements the above referenced application with additional information regarding the health of the Intelsat 1R satellite. Specifically, Intelsat notes that there is redundancy in all of Intelsat 1R's critical subsystems, including power and command, and the satellite is capable of providing service for the requested license term extension.

Please direct any questions to the undersigned at (703) 559-7848.

Sincerely,

Susan H. Crandall
Associate General Counsel
