Re: EchoStar 10 Extension Application, SAT-MOD-20160311-00027

Dear Ms. Dortch:

DISH Operating L.L.C. (“DISH”) submits this letter to clarify that the above-referenced license extension application for the EchoStar 10 satellite (Call Sign S2694) should be for ten years, consistent with Section 25.121 of the Commission’s rules.¹ The satellite has estimated fuel consumption and an expected end-of-life that will run until April 2027. Should DISH require a further extension in 2026, it will apply for an additional extension at that time.

Please address any questions to the undersigned.

Respectfully submitted,

/s/ Alison A. Minea
