Re: Application to Modify Authorization for Galaxy 13; Call Sign S2386
File No. SAT-MOD-20181105-00082

Dear Ms. Dortch:

At the request of Federal Communications Commission staff, Intelsat License LLC (“Intelsat”) hereby supplements its above-referenced Application. Specifically, Intelsat updates the Commission on its requested license extension term. Intelsat seeks to extend the Galaxy 13 license term through December 2025,¹ which corresponds to the expected end of service life of the satellite, assuming no inclined-orbit operation. To the extent the satellite’s projected end of service life is extended in the future, Intelsat will seek an additional extension of the license term. All other information in the above-referenced Application remains unchanged.

Please direct any further questions regarding this request to the undersigned at (703) 559-6949.

Sincerely,

/s/ Cynthia J. Grady

Cynthia J. Grady
Senior Counsel
Intelsat US LLC

cc: Steven Duall
Jay Whaley

¹ In its Application, Intelsat sought to extend the license term of Galaxy 13 through December 2030 to accommodate the satellite’s inclined-orbit operations.
