PURPOSE OF MODIFICATION

ENVIRONMENTAL POLICY

28. Would a Commission grant of any proposal in this application or amendment have a significant environmental impact as defined by 47 CFR 1.1307? If YES, submit the statement as required by Sections 1.1308 and 1.1311 of the Commission's rules, 47 C.F.R. 1.1308 and 1.1311, as an exhibit to this application. A Radiation Hazard Study must accompany all applications for new transmitting facilities, major modifications, or major amendments.

ALIEN OWNERSHIP Earth station applicants not proposing to provide broadcast, common carrier, aeronautical en route or aeronautical fixed radio station services are not required to respond to Items 30–34.

29. Is the applicant a foreign government or the representative of any foreign government?	0	Yes	۲	No		
30. Is the applicant an alien or the representative of an alien?	0	Yes	0	No	۲	N/A
31. Is the applicant a corporation organized under the laws of any foreign government?	0	Yes	0	No	۲	N/A
32. Is the applicant a corporation of which more than one-fifth of the capital stock is owned of record or voted by aliens or their representatives or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country?	0	Yes	0	No	۲	N/A

33. Is the applicant a corporation directly or indirectly controlled by any other corporation of which more than	0	Yes
one-fourth of the capital stock is owned of record or voted by aliens, their representatives, or by a foreign	÷	
government or representative thereof or by any corporation organized under the laws of a foreign country?		

○ No ◎ N/A

34. If any answer to questions 29, 30, 31, 32 and/or 33 is Yes, attach as an exhibit an identification of the aliens or foreign entities, their nationality, their relationship to the applicant, and the percentage of stock they own or vote.

BASIC QUALIFICATIONS

35. Does the Applicant request any waivers or exemptions from any of the Commission's Rules? If Yes. attach as an exhibit, copies of the requests for waivers or exceptions with supporting documents.	O Yes	♥ No
36. Has the applicant or any party to this application or amendment had any FCC station authorization or license revoked or had any application for an initial, modification or renewal of FCC station authorization, license, or construction permit denied by the Commission? If Yes, attach as an exhibit, an explination of circumstances.	O Yes	No No

37. Has the applicant, or any party to this application or amendment, or any party directly or indirectly controlling the applicant ever been convicted of a felony by any state or federal court? If Yes, attach as an exhibit, an explination of circumstances.	O Yes	No
38. Has any court finally adjudged the applicant, or any person directly or indirectly controlling the applicant, guilty of unlawfully monopolizing or attemptiing unlawfully to monopolize radio communication, directly or indirectly, through control of manufacture or sale of radio apparatus, exclusive traffic arrangement or any other means or unfair methods of competition? If Yes, attach as an exhibit, an explanation of circumstances	O Yes	Ø No
39. Is the applicant, or any person directly or indirectly controlling the applicant, currently a party in any pending matter referred to in the preceding two items? If yes, attach as an exhinit, an explanation of the circumstances.	O Yes	No No
40. If the applicant is a corporation and is applying for a space station license, attach as an exhibit the names, address, and citizenship of those stockholders owning a record and/or voting 10 percent or more of the Filer's voting stock and the percentages so held. In the case of fiduciary control, indicate the beneficiary(ies) or class of beneficiaries. Also list the names and addresses of the officers and directors of the Filer.	Question 40	2

41. By checking Yes, the undersigned certifies, that neither applicant nor any other party to the application is subject to a denial of Federal benefits that includes FCC benefits pursuant to Section 5301 of the Anti–Drug Act of 1988, 21 U.S.C. Section 862, because of a conviction for possession or distribution of a controlled substance. See 47 CFR 1.2002(b) for the meaning of "party to the application" for these purposes.

42a. Does the applicant intend to use a non–U.S. licensed satellite to provide service in the United States? If Yes, answer 42b and attach an exhibit providing the information specified in 47 C.F.R. 25.137, as appropriate. If No, proceed to question 43.

Yes

O No

42b. What administration has licensed or is in the process of licensing the space station? If no license will be issued, what administration has coordinated or is in the process of coordinating the space station?

43. Description. (Summarize the nature of the application and the services to be provided). (If the complete description does not appear in this box, please go to the end of the form to view it in its entirety.)

DIRECTV Enterprises, LLC seeks to modify its authorization for T15 (Call Sign S2930) to change the authorized orbital location from 102.75 WL to 102.85 WL.

Narrative

43a. Geographic Service Rule Certification By selecting A, the undersigned certifies that the applicant is not subject to the geographic service or geographic coverage requirements specified in 47 C.F.R. Part 25.	O A
By selecting B, the undersigned certifies that the applicant is subject to the geographic service or geographic coverage requirements specified in 47 C.F.R. Part 25 and will comply with such requirements.	B
By selecting C, the undersigned certifies that the applicant is subject to the geographic service or geographic coverage requirements specified in 47 C.F.R. Part 25 and will not comply with such requirements because it is not feasible as a technical matter to do so, or that, while technically feasible, such services would require so many compromises in satellite design and operation as to make it economically unreasonable. A narrative description and technical analysis demonstrating this claim are attached.	o c

CERTIFICATION

The Applicant waives any claim to the use of any particular frequency or of the electromagnetic spectrum as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests an authorization in accordance with this application. The applicant certifies that grant of this application would not cause the applicant to be in violation of the spectrum aggregation limit in 47 CFR Part 20. All statements made in exhibits are a material part hereof and are incorporated herein as if set out in full in this application. The undersigned, individually and for the applicant, hereby certifies that all statements made in this application and in all attached exhibits are true, complete and correct to the best of his or her knowledge and belief, and are made in good faith.

FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD–PERM, Paperwork Reduction Project (3060–0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060–0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104–13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

Before the FEDERAL COMMUNICATIONS COMMISSION Washington, DC 20554

In the Matter of

DIRECTV ENTERPRISES, LLC

File No. SAT-MOD-

Application to Modify Authorization for T15 (S2930)

APPLICATION OF DIRECTV ENTERPRISES, LLC TO MODIFY AUTHORIZATION FOR T15 (S2930)

DIRECTV Enterprises, LLC ("DIRECTV"), pursuant to Section 25.117 of the rules of the Federal Communications Commission ("FCC" or "Commission"),¹ hereby requests to modify its authorization for T15 (call sign S2930).² Specifically, DIRECTV seeks authority to change the authorized orbital location of T15 from 102.75° W.L. to 102.85° W.L.

In accordance with the Commission's rules,³ this application is being filed electronically as an attachment to FCC Form 312. Because the satellite will be relocated just 0.10° from its currently authorized orbital location, the technical information on file with the Commission for T15 (including the technical information submitted on Schedule S) remains unchanged and is

¹ 47 C.F.R. § 25.117.

² Policy Branch Information; Actions Taken, Public Notice, Report No. SAT-01086, File No. SAT-LOA-20140825-00094 (May 22, 2015); Policy Branch Information; Actions Taken, Public Notice, Report No. SAT-01084, File No. SAT-MOD-20140612-00066 (May 15, 2015).

³ See 47 C.F.R. § 25.117(c).

incorporated by reference.⁴ To the extent necessary, DIRECTV requests that any previously granted technical waivers continue to apply to the operation of T15 at 102.85° W.L.

I. PROPOSED MODIFICATION AND PUBLIC INTEREST SHOWING

DIRECTV is implementing certain changes to its existing satellite fleet in connection with the recent launch of DIRECTV's T16 satellite (Call Sign S3039) on June 20, 2019. T15 is a multi-band, multi-mission satellite designed to operate at any of DIRECTV's currently licensed Ka-band, 17/24 GHz BSS, or 12/17 GHz DBS orbital locations. At the nominal 103° W.L. orbital location, T15 operates in the 18.3-18.59/19.7-20.2 GHz (space-to-Earth) and 28.35-28.6/29.25-29.29/29.5-30.0 GHz (Earth-to-space) Ka-band frequency bands and the 17.3-17.7 GHz (space-to-Earth) and 24.75-25.15 GHz (Earth-to-space) 17/24 GHz BSS frequency bands.⁵ T15 is permanently authorized to operate at 102.75° W.L. but is currently operating at 100.85° W.L. pursuant to a grant of special temporary authority.⁶ By this modification application, DIRECTV seeks authority to permanently change the authorized orbital location of T15 from 102.75° W.L. to 102.85° W.L. DIRECTV's T10 satellite (Call Sign S2641) is permanently authorized to operate at 102.75° W.L. pursuant to a grant

⁴ See IBFS File Nos. SAT-MOD-20150722-00052, SAT-LOA-20140825-00094; SAT-MOD-20140612-00066, SAT-MOD-20140624-00075, SAT-MOD-20140612-00067, SAT-MOD-20111128-00229, SAT-MOD-20110727-00136, SAT-LOA-20060908-00100.

⁵ See Policy Branch Information; Actions Taken, Public Notice, Report No. SAT-01086, File No. SAT-LOA-20140825-00094 (May 22, 2015); Policy Branch Information; Actions Taken, Public Notice, Report No. SAT-01084, File No. SAT-MOD-20140612-00066 (May 15, 2015). T15's 17/24 GHz BSS band payload was originally authorized under Call Sign S2712, which was consolidated with Call Sign S2930 in September 2017.

⁶ See Satellite Policy Branch Information; Actions Taken, Public Notice, Report No. SAT-01395, File No. SAT-STA-20190416-00028 (June 7, 2019).

of special temporary authority issued by the Commission on June 6, 2019.⁷ DIRECTV is simultaneously filing a separate modification application to permanently change the authorized orbital location of T10 from 102.85° W.L. to 102.75° W.L.

Upon receipt of Commission approval, DIRECTV expects to begin drifting T15 to 102.85° W.L. as early as September 16, 2019. The drift is expected to take approximately eight days. During the drift period, DIRECTV will utilize only the satellite's telemetry, tracking, and command ("TT&C") frequencies and will follow industry practices for coordinating TT&C transmission during the relocation process. T15's specific TT&C frequencies are as follows:

- 29502.5 MHz and 29505.9 MHz (Earth-to-space); and
- 20198.5 MHz and 20199.5 MHz (space-to-Earth).

Grant of this relocation request will not result in increased risk of harmful interference. As noted above, DIRECTV will operate only the above-listed TT&C frequencies during the drift and will coordinate T15's TT&C transmissions with operators of satellites in the drift path. In the unlikely event that any interference should occur during the drift, DIRECTV will take all reasonable steps to eliminate such interference. DIRECTV will operate T15's Ka-band and 17/24 GHz BSS communications payloads and TT&C frequencies at 102.85° W.L. in conformance with FCC rules and DIRECTV's coordination agreements concerning the nominal 103° W.L. orbital location. DIRECTV will operate T15 at 102.85° W.L. in accordance with all previously imposed FCC conditions.

Grant of this application will serve the public interest because it will facilitate DIRECTV's fleet management operations in connection with the recent launch of DIRECTV's

3

⁷ See Satellite Policy Branch Information; Actions Taken, Public Notice, Report No. SAT-01395, File No. SAT-STA-20190531-00043 (June 7, 2018).

T16 satellite, which will extend coverage, improve service performance, and provide additional capacity to DIRECTV customers.

II. MILESTONES AND BOND

DIRECTV requests grant of this application without milestones or a bond because the Commission's milestone and bond requirements do not apply to satellites that are already inorbit and operating.⁸

III. ITU COST RECOVERY

DIRECTV is aware that processing fees are currently charged by the International Telecommunication Union ("ITU") for satellite filings and that Commission applicants are responsible for any and all fees charged by the ITU.⁹ DIRECTV is aware of and unconditionally accepts this requirement and responsibility to pay any ITU cost recovery fees associated with the ITU filings that the Commission makes on behalf of DIRECTV for the satellite relocation proposed in this application.

⁸ See, e.g., Intelsat License LLC, Modification Application to Redeploy and Operate Intelsat 16 at 58.1° W.L., File No. SAT-MOD-20160201-00009, Condition No. 12 (stamp grant May 18, 2016) ("Because Intelsat 16 is already in-orbit and operating, grant of authority to operate Intelsat 16 at 58.1° W.L. is not subject to milestone conditions and Intelsat is not required to post a bond. As such, waiver of Sections 25.164(a) and 25.165 of the Commission's rules is not necessary.").

⁹ See Implementation of ITU Cost Recovery Charges for Satellite Network Filings, Public Notice, 16 FCC Rcd 18732 (2001).

IV. CONCLUSION

For the reasons set forth above, DIRECTV respectfully requests that the Commission grant this modification application.

Respectfully submitted.

DIRECTV ENTERPRISES, LLC
