Re: Application to Modify Authorization for Intelsat 10; Call Sign S2382
File No. SAT-MOD-20191008-00109

Dear Ms. Dortch:

Intelsat License LLC, pursuant to a request by Federal Communications Commission staff, herein supplements its above-referenced application to provide additional information on the maximum equivalent isotropically radiated power (“EIRP”) levels for the service area shown in the figure in Section 2.2 of the Engineering Statement. The peak EIRP in the service area will not exceed 52 dBW. Additionally, the EIRP at the edge of the service area, indicated by the red contour, will not exceed 49 dBW.

Please direct any questions regarding this supplement to the undersigned at (703) 559-6949.

Sincerely,

/s/ Cynthia J. Grady
