Washington, DC 20554

Subject: Astro Digital US, Inc.  
SAT-MOD-20210319-00036

Dear Ms. Dortch:

By this letter, Astro Digital US, Inc. corrects a typographical error in its application and clarifies that the Globalstar modem, which will be used for intersatellite links on the Demo9 satellite, operates in the 1615-1617.5 MHz frequency band.<sup>1</sup>

Please do not hesitate to contact me if you have any further questions.

Sincerely,

*s/ Chris Biddy*

Chris Biddy  
CEO  
Astro Digital US, Inc.

CC: Joe Godles, Counsel to Iridium
