

## Exhibit F – Narrative

Intelsat S.A. and its wholly-owned subsidiaries holding Federal Communications Commission (“Commission” or “FCC”) licenses or authorizations, including Intelsat License LLC, Intelsat General Communications LLC, Horizons-1 Satellite LLC, and Horizons-3 License LLC (collectively “Intelsat”), hereby notify the Commission, pursuant to Sections 25.119, 1.948(c)(2) and 1.65(a) of the Commission’s rules, of the following:

On May 13, 2020, Intelsat S.A. and thirty-four (34) of its subsidiaries, including Intelsat License LLC and Intelsat US LLC<sup>1</sup> (the “Debtors,” and together with their non-debtor affiliates, the “Company”), commenced voluntary cases under Chapter 11 of the United States Bankruptcy Code (the “Bankruptcy Code”) in the United States Bankruptcy Court for the Eastern District of Virginia (the “Bankruptcy Court”) (Case No. 20-32299 (KLP)) (the “Chapter 11 Cases”).<sup>2</sup> The Debtors expect to continue to operate their businesses and manage their properties as debtors-in-possession, pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.<sup>3</sup> The Chapter 11 filings of Intelsat License LLC and Intelsat US LLC did not result in any changes to their (or their respective subsidiaries’) service operations or the rates and terms of their service offerings.

In connection with the Chapter 11 Cases, the Company respectfully requests Commission consent to:

- (1) the *pro forma* assignment of licenses held by Intelsat License LLC to Intelsat License LLC, as debtor-in-possession;
- (2) the *pro forma* assignment of market access authorizations held by Intelsat License LLC to Intelsat License LLC, as debtor-in-possession;<sup>4</sup>
- (3) the *pro forma* transfer of control of a Section 214 authorization held by Intelsat General Communications LLC to reflect the transfer of control of Intelsat General Communications LLC from Intelsat US LLC to Intelsat US LLC, as debtor-in-possession;<sup>5</sup>

<sup>1</sup> Intelsat US LLC is the direct parent of Intelsat General Communications LLC. Intelsat US LLC is an indirect parent of Horizons-1 Satellite LLC and Horizons-3 License LLC.

<sup>2</sup> The Debtors’ Chapter 11 Cases are being jointly administered in the above-referenced docket. Additional information regarding the Debtors’ Chapter 11 Cases, and a complete list of the Intelsat entities commencing Chapter 11 Cases, may be obtained on the website of the Debtors’ claims agent, Stretto, at <https://cases.stretto.com/intelsat>. There are no other changes to the corporate structure of the entities holding FCC licenses and authorizations.

<sup>3</sup> 11 U.S.C. §§ 1107(a), 1108.

<sup>4</sup> While market access authorizations are not subject to the Commission’s rules for the transfer of control or assignment of licenses under 47 C.F.R. § 25.119, in accordance with recent precedent, Intelsat will submit a modification of its market access grant pursuant to 47 C.F.R. § 25.137(g). <sup>5</sup> Intelsat General Communications LLC is not a Debtor in the Chapter 11 Cases or in any other Chapter 11

- (4) the *pro forma* transfer of control of a license held by Horizons-3 License LLC to reflect the transfer of control of Horizons-3 License LLC from Intelsat US LLC to Intelsat US LLC, as debtor-in-possession;<sup>6</sup>
- (5) the *pro forma* transfer of control of a market access authorization held by Horizons-1 Satellite LLC to reflect the transfer of control of Horizons-1 Satellite LLC from Intelsat US LLC to Intelsat US LLC, as debtor-in-possession.<sup>7</sup>

### **Description of Motions and Postpetition Financing**

On May 14, 2020, the Debtors filed certain motions with the Bankruptcy Court in connection with the Chapter 11 Cases, seeking interim and final orders authorizing, but not directing, the Debtors to (i) incur obligations in furtherance of the FCC’s accelerated 3.7–4.2 GHz (the “C-band”) clearing schedule and (ii) satisfy related C-band vendor claims.<sup>8</sup> The Debtors requested that the Bankruptcy Court schedule a final hearing with regard to the relief sought by June 9, 2020.<sup>9</sup>

In conjunction with the Chapter 11 Cases, the Debtors also announced that they have received a commitment for postpetition financing from certain commitment parties, which, if approved by the Bankruptcy Court and subject to the satisfaction of certain customary conditions, the Debtors believe would provide sufficient working capital to clear the C-band spectrum as required by the C-band Order,<sup>10</sup> and operate the Company’s business in the ordinary course and fund certain other expenses incurred in connection with the Chapter 11 Cases.<sup>11</sup>

The Company—regardless of any entity’s particular status as a Debtor—is operating and serving customers as usual. The Company fully intends to uphold its commitments to its customers and employees and to pay suppliers in the normal course of business for all goods and services delivered following the commencement of the Chapter 11 Cases.

proceeding.

<sup>6</sup> Horizons-3 License LLC is not a Debtor in the Chapter 11 Cases or in any other Chapter 11 proceeding.

<sup>7</sup> Horizons-1 Satellite LLC is not a Debtor in the Chapter 11 Cases or in any other Chapter 11 proceeding; *see also* n.4 *supra*.

E.D. Vir. May 14, 2020), ECF No. 6 (“*Declaration of David Tolley*”).

## **Grant of the Applications Would Serve the Public Interest**

The Company initiated the Chapter 11 Cases against the backdrop of a historic and mission-critical project: the clearance of a significant portion of the C-band spectrum to make way for the deployment of 5G terrestrial wireless networks across the United States. To meet the FCC's accelerated timelines, the cost of launching new satellites and other expenses associated with clearing the C-band spectrum will be approximately \$1.2 billion through 2021.<sup>12</sup> Although the C-band Order provides that the Company's clearing costs will be reimbursed in arrears, the Company does not expect to begin to receive reimbursements until mid-2021 for work that has already begun.<sup>13</sup>

Moreover, the evolving global COVID-19 pandemic has put even greater pressure on the cash flows and working capital the Company needs to clear the C-band spectrum in accordance with the C-band Order.<sup>14</sup> Specifically, the COVID-19 pandemic has significantly affected many of the Company's important customers in the airline, maritime, energy, and media industries. The Company anticipates materially lower revenues in 2020 as a result of the impact of COVID-19 on its customers, with a corresponding negative impact on Company cash flows.<sup>15</sup>

The Debtors filed the Chapter 11 Cases to allow them to efficiently access capital and engage with stakeholders to restructure their obligations. Maintaining the Company's Commission licenses and authorizations is critical to the Company's restructuring efforts and serves the public interest. Consenting to the instant applications will enable the Company to continue to fulfill its obligations to both its valuable customers, who rely on the Company to provide industry-leading products and uninterrupted service, and to the Commission, which has worked closely with the Company over the past several years to develop and adopt the C-band clearing plan.

During the Chapter 11 Cases, the Company fully intends to progress its C-band clearing activities, as well as continue its global operations uninterrupted. Customers should expect to receive the same leading products and services delivered by the Company prior to the Chapter 11 filing and should see no changes in the way they interact with the Company.

In connection with emerging from Chapter 11, the Debtors will seek all necessary regulatory approvals from the Commission.

Thus, grant of the instant applications would serve the public interest by allowing the Company to retain its Commission licenses and authorizations as it undergoes the restructuring process described herein and would be consistent with the Commission's treatment of previous Chapter 11 proceedings.<sup>16</sup>

<sup>13</sup> See *C-band Order* at ¶ 263 n.657 (stating that "the requirement to make relocation reimbursements is a condition of the licenses," so such reimbursements cannot begin "until those licenses have been issued after the auction").

<sup>14</sup> *Id.*

<sup>15</sup> Currently, the Company expects its revenue and cash flow to be \$160 million lower than originally budgeted in 2020. See *Declaration of David Tolley* at ¶ 55.

## Conclusion

For the foregoing reasons, Intelsat respectfully requests that the Commission expeditiously consent to the *pro forma* assignment and transfer of control of the Commission licenses and authorizations as described herein.
