

**RESPONSE TO QUESTIONS 30-34: Alien Ownership**

**RESPONSE TO QUESTION 40: Stockholders Owning More Than 10%**

In response to Question 31 of Form 312, Telesat Canada and Telesat Spectrum Corporation are organized under the laws of Canada. In response to Questions 32 and 33, Telesat Spectrum Corporation's direct and indirect parent companies are organized under the laws of Canada. In response to Question 40, Telesat Spectrum Corporation is an indirect, wholly-owned subsidiary of Telesat Canada.

Questions 31, 32 and 33 of Form 312 ask whether the Applicant is: (1) a corporation organized under the laws of any foreign government; (2) a corporation of which more than 20 percent of the capital stock is owned of record or voted by aliens or their representatives or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country; or (3) a corporation directly or indirectly controlled by a corporation of which more than 25 percent of the capital stock is owned of record or voted by aliens or their representatives or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country. These questions are intended to ascertain whether the applicant complies with Sections 310(b)(3) and 310(b)(4) of the Communications Act, which establish limits on foreign ownership of the licensees of broadcast, common carrier, aeronautical en route, and aeronautical fixed stations. Sections 310(b)(3) and 310(b)(4) are inapplicable, because the application does not concern aeronautical en route or aeronautical fixed stations or satellites used to provide broadcast or common carrier service.
