

**RESPONSE TO QUESTION 36:  
LICENSES REVOKED OR APPLICATIONS DENIED**

Neither Telesat Brasil Capacidade de Satelites Ltda., which is the Applicant, nor Loral Space & Communications, Inc. ("Loral Space"), which upon consummation of the transfer of control became a wholly-owned subsidiary of a limited partnership that indirectly owns 100% of Telesat Canada, has had any FCC station authorization or license revoked or had any application for an initial, modification or renewal of FCC station authorization, license, or construction permit denied by the Commission.

The following information involves entities previously owned by Loral Space:

In an order issued April 1, 2003, the International Bureau declared null and void authorizations held by Loral SpaceCom Corporation and Loral Space & Communications Corporation to construct, launch and operate geostationary Fixed Satellite Service Ka-band payloads at 89° W.L., 81° W.L., 47° W.L., and 78° E.L.<sup>1</sup> The Bureau affirmed its earlier decision not to extend the construction milestones associated with these authorizations.<sup>2</sup>

In an order issued July 7, 2005, the International Bureau declared null and void, by its own terms, Loral SpaceCom Corporation's authorization to launch and operate a satellite at the 69° W.L. orbit location.<sup>3</sup>

In an order issued September 26, 2005, the International Bureau declared null and void, by its own terms, CyberStar Licensee, LLC's Ka-band system authorization to launch and operate satellites at the 93° W.L. and 115° W.L. orbital allocations.<sup>4</sup>
