Re: Intelsat North America LLC, Petition for Specific Authority Under Section 25.161(c) For C- and Ku-band Frequencies at the Nominal 129° W.L. Orbital Location, File No. SAT-MS-20100628-00160

Dear Ms. Dortch:

Intelsat License LLC (“Intelsat”), formerly Intelsat North America LLC, by counsel, files this letter to supplement the above-referenced petition. Specifically, Intelsat clarifies that it only seeks authority to retain the C-band frequencies at the nominal 129° W.L. orbital location.¹ At this time, Intelsat does not plan to use the Ku-band frequencies at this orbital location.

Please direct any questions regarding this matter to the undersigned.

Sincerely,

/s/ Jennifer D. Hindin
