International Bureau

Dear Ms. Dortch:

On July 9, 2003, David Meltzer, General Counsel and Senior Vice President for Regulatory Affairs, and Susan Crandall, Assistant General Counsel, both of Intelsat Global Service Corporation, met with Tom Tycz, Jennifer Gilsenan and Karl Kensinger of the International Bureau. In the meeting, Intelsat discussed the "good cause" standard for granting milestone extension requests, particularly as it relates to partially constructed satellites. Intelsat further discussed the Commission's standards where there exists an issue regarding ITU priority with respect to an orbital location.

Pursuant to section 1.1206(b)(1) of the Commission's rules, 47 C.F.R. §1.1206(b)(1), four originals and four copies of this letter are being provided to you for inclusion in the public record of the above referenced proceedings.

Sincerely,

Susan H. Crandall
Assistant General Counsel

cc: Tom Tycz
Jennifer Gilsenan
Karl Kensinger
