**Subject: Hispasat 1D change of commercial name**

On October 15, 2003 the HISPASAT-1D satellite, with Call Sign S2476, was added to the Commission's Permitted Space Station List under File No. SAT-PDR-20030430-00090.

This is to inform you that HISPASAT has decided to change the commercial name of this satellite, which will now be as follows:

Former commercial name	Current commercial name
Hispasat 1D	Hispasat 30W-4

This modification affects exclusively the satellite commercial name. All other features such as technical parameters, orbital positions, names as notified to the ITU and every other data issued to the Federal Communications Commission at the moment of requesting its inclusion in the Permitted List remain the same.

Should you need any further information, please do not hesitate to contact me.
