Date 10th November 2016
Subject NGSO satellite network

Dear Sir, Madam,

This letter confirms that ViaSat Netherlands B.V. ("ViaSat") is pursuing an authorization from the Radiocommunications Agency Netherlands ("RA") to launch and operate a nongeostationary satellite orbit ("NGSO") satellite network under authority of the State of the Netherlands, in all or part of the following frequencies:

- 17.7-20.2 GHz and 27.5-30.0 GHz
- 37.5-42.5 GHz, 47.2-50.2 GHz and 50.4-52.4 GHz

The RA has submitted advance publication information to the ITU for NGSO satellite network DREBBELSAT on behalf of ViaSat. See BR IFIC 2825/02.08.2016. Additional filings at the ITU may be made as well.

The RA understands that this letter will be provided to the U.S. Federal Communications Commission in connection with an application for U.S. market access for the network described above.

Yours sincerely,
on behalf of
The Minister of Economic Affairs,

Ms. M.E. de Groot
Head of the Networks Department
Radiocommunications Agency Netherlands
