Dear Mr. Albuquerque,

New Spectrum Satellite, Ltd. ("NSS") hereby requests a two-week extension of the September 7th deadline to respond to your letter of August 8, 2018, seeking additional clarification on several points arising out of NSS's Letter of Intent filed July 26, 2017 ("Application"). This request is based on difficult logistics due to personal and family situations of our main technical staff engineer. No other parties will be prejudiced by such a short delay, because the application has not yet gone out on public notice. NSS appreciates your prompt consideration of this request.

Respectfully submitted
