Re: AST&Science, LLC – Call Sign S3065
IBFS File Nos. SAT-PDR-20200413-00034 and SAT-APL-20200727-00088

Dear Ms. Dortch:

On September 10, 2020, the undersigned met telephonically with Sean Spivey, Wireless and International Advisor to Commissioner Pai, to discuss issues related to the planned AST&Science, LLC (“AST”) SpaceMobile satellite constellation. Also in attendance were Abel Avellan, CEO of AST, Chris Ivory, Chief Commercial Officer of AST, and Russell Fox and Laura Stefani of this office.

In addition to timing and procedural matters, AST provided an overview of the SpaceMobile constellation and its planned services, consistent with the filings noted above. AST also requested that the Commission resolve all aspects of its Petition for Declaratory Ruling (“PDR”) in one decision, noting that prompt resolution of the PDR would meet the Chairman’s goals of closing the digital divide and providing service to rural areas.

Please let me know if you have any additional questions.

Sincerely,

Sallye Clark
Attorney for AST&Science, LLC
