Subject: Fw: Amazonas-2

Dear Mr. Duall,

This is to confirm that on October 1, 2009, the satellite Amazonas-2 (SAT-PPL-20090806-00081), Call Sign, S2793 was successfully placed into its designated geostationary orbit position of 61 W, and is operating in compliance with the technical parameters specified in its Petition for Declaratory Ruling.

Will you please confirm receipt of this message. Thank you.

Respectfully,

Don Jansky
Representative of Hispamar/Hispasat S.A.
