

FREQUENCY BANDS
(Response to Question 24)

Conventional C-band ¹	3700-4200 MHz downlink 5925-6425 MHz uplink
Extended C-band	3625-3700 MHz downlink 5850-5925 MHz uplink
Conventional Ku-band	11700-12200 MHz downlink 14000-14500 MHz uplink
Extended Ku-band	10950-11200 MHz downlink 11450-11700 MHz downlink 13750-14000 MHz uplink

¹ As explained in the narrative, the SES-4 satellite is capable of operating in the 12500-12750 MHz downlink band but will do so only in ITU Region 1.
