Conditions of Authorization—SAT-STA-20040713-00131
INTELSAT 10-02
Call Sign: S2414
Grant Date: July 20, 2004

Intelsat LLC's application for Special Temporary Authority, SAT-STA-20040713-00131,¹ to continue performing test operations of the INTELSAT 10-02 satellite at the 1° E.L. orbital location for the period of July 23, 2004 to August 22, 2004 IS GRANTED in accordance with the terms, conditions, and technical specifications set forth in its application and this Attachment; and

1. Intelsat LLC's in-orbit testing of the INTELSAT 10-02 satellite at 1° E.L. shall be on a non-harmful interference basis, *i.e.*, Intelsat LLC shall not cause harmful interference to, and shall not claim protection from interference caused to it by, any other lawfully operating satellites; and
2. In the event that any harmful interference occurs as a result of Intelsat LLC's operations at the 1° E.L. orbital location, Intelsat LLC shall cease operations immediately upon notification of such interference and shall inform the FCC in writing immediately of such an event; and
3. Intelsat LLC's use of the 1° E.L. orbital location will be for testing of the INTELSAT 10-02 satellite only. The INTELSAT 10-02 satellite shall make no commercial transmissions from this orbital location; and
4. Intelsat LLC is afforded thirty days from the date of release of this grant and authorization to decline this authorization as conditioned. Failure to respond within this period will constitute formal acceptance of the authorization as conditioned; and
5. This Grant is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective upon release. Petitions for reconsideration under Section 1.106 or applications for review under Section 1.115 of the Commission's rules, 47 C.F.R. §§ 1.106, 1.115, may be filed within 30 days of the date of the public notice indicating that this action was taken.

¹ Intelsat was originally granted a 30-day STA for the period of June 22, 2004 to July 22, 2004, to conduct in-orbit testing of the INTELSAT 10-02 satellite at the 1.0 E.L. orbital location on May 21, 2004. See *Request for Special Temporary Authority for INTELSAT 10-02*; Call Sign: 2414; File No. SAT-STA-20040505-00090 (granted with conditions by Robert G. Nelson, Chief, Satellite Engineering Branch, FCC on May 21, 2004).

Re: Request for Extension of Special Temporary Authority to Conduct In-Orbit Testing of INTELSAT 10-02; File No. SAT-STA-20040505-00090; Call Sign: S2414

Dear Ms. Dortch:

Intelsat LLC ("Intelsat") herein requests that the International Bureau extend for 30 days, from July 23, 2004 until August 22, 2004, the Special Temporary Authority ("STA")¹ originally granted to Intelsat beginning June 22, 2004 to conduct in-orbit testing of INTELSAT 10-02 at 1.0° E.L.²

INTELSAT 10-02, which will operate at 1.0° W.L., was successfully launched on June 17, 2004.³ INTELSAT 10-02 will replace INTELSAT 707, which currently is operating at that location.

As noted in its initial request for STA, Intelsat has coordinated the planned in-orbit testing of INTELSAT 10-02 with France Telecom, the operator of a nearby satellite at 3.0° E.L.; Sirius, the operator of a satellite at 5.0° E.L.; and Amos, the operator of a satellite at 4.0° W.L. In the unlikely event that harmful interference occurs, Intelsat will take all necessary steps to eliminate the interference.

¹ Intelsat has filed this STA request, an FCC Form 159 and a \$705.00 filing fee electronically via the International Bureau's Filing System.

² See *Request for Special Temporary Authority for INTELSAT 10-02*; Call Sign S2414; File No. SAT-STA-20040505-00090 (stamp grant from Robert G. Nelson, Federal Communications Commission, to Jennifer Hindin, Wiley, Rein & Fielding LLP, provided on May 21, 2004, with conditions).

³ See Letter from Jennifer D. Hindin, Wiley, Rein & Fielding LLP, to Marlene H. Dortch, Secretary, Federal Communications Commission; File No. SAT-LOA-20000119-00028 (filed June 23, 2004).

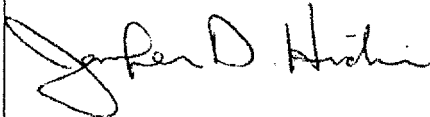

Wiley Rein & Fielding LLP

Ms. Marlene H. Dortch, Secretary
July 13, 2004
Page 2

Grant of this STA extension request will serve the same public interest served by grant of the initial STA request. Specifically, the grant will allow the completion of in-orbit testing of INTELSAT 10-02 at 1.0° E.L., which is a critical step in ensuring that the satellite will be fully operational at 1.0° W.L. This, in turn, will ensure continuity of existing services at that location, and thereby promote the public interest. Intelsat expects to complete in-orbit testing of the satellite in mid-August.

For the reasons set forth herein, Intelsat respectfully requests that the Commission grant this request.

Sincerely,

Jennifer D. Hindin
