Dear Ms. Dortch,

In accordance with Section 1.1206 of the Commission's Rules, 47 C.F.R. § 1.1206, EchoStar Satellite L.L.C. ("EchoStar") and SES Americom, Inc. ("SES") submit this letter to report that, on July 11, 2005, the undersigned on behalf of EchoStar and Nancy Eskenazi of SES had a telephone conversation with Rod Porter of the International Bureau regarding the above-referenced matter.

During that conversation, EchoStar and SES set forth the status of QuetzSat Directo's application for a DTH concession from the Mexican government. The parties had expected this concession to be granted by July 10, 2005. In fact, it has been cleared by only one of the two relevant Mexican agencies (COFETEL). EchoStar and SES remain hopeful that SCT will also be executing the concession soon. In addition, EchoStar noted that the EchoStar 4 satellite reached the 77° W.L. orbital location and commenced operations on July 9, 2005.
