Galaxy 17

Andrea -- here's what the deployment folks have as the current IOT schedule for G17. We are not yet sure when exactly IOT will be completed; it likely will be the end of June. Please let me know if you have any questions. Thanks.

Times are approximate:

- arrival at 81W: 16 or 17 May
- starts drift to 75.5W: 30 or 31 May
- arrives at 75.5W: 3 or 4 June
- IOT at 75.5w: begins 4 June
