PanAmSat Licensee Corp.'s (PanAmSat) request for special temporary authority to continue to operate its C- and Ku-band satellite, Galaxy 11 (Call Sign: S2253), at the 92.9° W.L. orbital location, IBFS File No. SAT-STA-20080822-00156, IS GRANTED. Accordingly, PanAmSat is authorized, for an additional period through October 23, 2008 to conduct space station Telemetry, Tracking, and Control operations on Galaxy 11 necessary to support operations at the 92.9° W.L. orbital location. Additionally, PanAmSat is authorized to provide Fixed Satellite Services (FSS) in the 3700-4200 MHz (space-to-Earth), 5925-6425 MHz (Earth-to-space), 11.7 to 12.2 GHz (space-to-Earth), and 14.0-14.5 GHz (Earth-to-space) frequency bands using the Galaxy 11 satellite at the 92.9° W.L. orbital location. These operations are authorized in accordance with the technical specifications set forth in the application, this Attachment, and Federal Communication Commission's (Commission) Rules and subject to the following conditions:

1. Operation of Galaxy 11 at the 92.9° W.L. orbital location shall be on an unprotected and non-harmful interference basis, *i.e.*, PanAmSat shall not cause harmful interference to, and shall not claim protection from, interference caused to it by any other lawfully operating station.
2. In the event that Galaxy 11 causes harmful interference to any other lawfully operating station during Galaxy 11's drift to or while at the 92.9° W.L. orbital location, PanAmSat shall cease operations immediately upon notification of such interference, and shall inform the Commission, in writing, immediately of such an event.
3. While at the 92.9° W.L. orbital location, PanAmSat shall maintain the Galaxy 11 spacecraft with an east/west longitudinal station-keeping tolerance of 0.05 degrees.
4. PanAmSat shall operate the Galaxy 11 satellite in compliance with all existing coordination agreements.
5. Any action taken or expense incurred as a result of operations pursuant to this special temporary authority is solely at PanAmSat's own risk.
6. PanAmSat is afforded thirty days from the date of release of this authorization to decline this authorization as conditioned. Failure to respond within this period will constitute formal acceptance of the authorization as conditioned.
7. This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective immediately. Petitions for reconsideration under Section 1.106 or applications for review under Section
