Re: Supplement to Request for Special Temporary Authority  
for Intelsat 3R  
Call Sign: PAS-2R; File No. SAT-STA-20090129-00012

Dear Ms. Dortch:

PanAmSat Licensee Corp. ("PanAmSat") herein supplements its above referenced pending request for Special Temporary Authority ("STA")<sup>1</sup> by seeking a revised start date for the STA period. Specifically, because the move of Intelsat 3R from 43.0° W.L. to 43.1° W.L. has been delayed, PanAmSat requests that the 180-day STA period begin on August 1, 2009 rather than April 1, 2009, as originally requested. As the Commission is aware, PanAmSat also has a pending modification application to redeploy Intelsat 11, which currently operates at 43.1 W.L., to 43.0° W.L.<sup>2</sup> In short, Intelsat 11 and Intelsat 3R will be switching locations.

Other than the STA start date, all information presented in the STA request as originally filed remains the same. As stated in that request, grant of STA is in the public interest because it will allow PanAmSat to satisfy long-term customer demand at 43.0° W.L., while continuing to ensure the safe station-keeping of the Intelsat 3R and Intelsat 11 satellites while they are co-located at the nominal 43.0° W.L. location.
