Re: Request for Special Temporary Authority to Continue Operating
the Intelsat 706 Payload, Call Sign S2401

Dear Ms. Dortch:

Intelsat North America LLC ("Intelsat"), pursuant to Section 25.120 of the rules of the Federal Communications Commission ("FCC" or "Commission"),¹ herein requests Special Temporary Authority ("STA")² for 61 days -- from October 6, 2009 through December 5, 2009 -- to continue operating the Intelsat 706 satellite's payload (Call Sign S2401) at its current location of 54.85° E.L.³ Intelsat 706 will continue to operate at that location in accordance with the ITU filings of the Indian Administration.⁴

Grant of this STA is in the public interest because it will ensure continuity of service to Intelsat's customers in the Indian Ocean Region. During this temporary period, Intelsat agrees to comply with the existing conditions of its authorization to operate Intelsat 706 at 54.85° E.L. Moreover, grant of this temporary request will not result in increased risk of harmful interference because Intelsat 706's operations at 54.85° E.L. are already on a non-harmful interference basis. Intelsat will also continue to operate in accordance with

¹ 47 C.F.R. § 25.120.

² Intelsat has filed its STA request, an FCC Form 159, a \$175.00 filing fee and this supporting letter electronically via the International Bureau's Filing System ("IBFS").

³ See *Policy Branch Information; Actions Taken*, Report No. SAT-00632, File No. SAT-STA-20090807-00082 (Sept. 11, 2009) (Public Notice); *Intelsat North America LLC, Application to Modify Authorization for Intelsat 706*, File No. SAT-MOD-20081124-00218 (stamp grant issued Mar. 20, 2009 by Stephen J. Duall, with conditions) ("Stamp Grant"). Intelsat has authority to operate the satellite's TT&C carriers beyond September 5, 2009. See Stamp Grant, condition #20.

⁴ Intelsat's agreement with the Indian Administration has been extended through December 5, 2009.

Ms. Marlene H. Dortch
September 23, 2009

India's existing coordination agreements regarding the nominal 55° E.L.
location.

For the reasons set forth herein, Intelsat respectfully requests that the
Commission grant this request for 61 days special temporary authority to
continue to operate the Intelsat 706 satellite at 54.85° E.L.

Sincerely,

Susan H. Crandall
Assistant General Counsel
Intelsat Corporation
