Re: ***Request for Special Temporary Authority for In-Orbit Testing of  
DIRECTV 12 at 76° W.L.***

Dear Ms. Dortch:

DIRECTV Enterprises, LLC (“DIRECTV”) hereby requests Special Temporary Authority (“STA”) to continue in-orbit testing (“IOT”) of the DIRECTV 12 satellite (call sign S2797) at the 76° W.L. orbital location. DIRECTV has conducted IOT pursuant to an initial STA,<sup>1</sup> and seeks permission to perform additional tests for a period of approximately 30 days using the same operational parameters as its initial tests. DIRECTV has cleared its proposed operations with NTIA, and hereby agrees to accept all terms and conditions imposed with respect to its initial STA.

Grant of this STA request will serve the public interest by allowing DIRECTV to complete testing of the DIRECTV 12 satellite to ensure that it is fully operational and ready to begin providing service to millions of DIRECTV subscribers from the satellite’s licensed orbital location.

Respectfully submitted,

William M. Wiltshire  
*Counsel to DIRECTV Enterprises, LLC*
