IBFS File No. SAT-STA-20100520-00105
Call Sign (PAS-2R)
May 26, 2010

The application of PanAmSat Licensee Corp. (PanAmSat), SAT-STA-20100520-00105, for special temporary authority to continue to operate its C- and Ku-band space station, Intelsat 3R, at the 43.1° W.L. orbital location is granted. Accordingly, PanAmSat is authorized for a period of 16 days to continue to operate the Intelsat 3R space station at the 43.1° W.L. orbital location and to provide Fixed-Satellite Services in the 3700-4200 MHz (space-to-Earth), 5925-6425 MHz (Earth-to-space), 11.7-12.2 GHz (space-to-Earth), 12.5-12.75 GHz (space-to-Earth), and 14.00-14.5 GHz (Earth-to-space) frequency bands. These operations are authorized in accordance with the technical specification set forth in PanAmSat's application, the Commission's rules, and are subject to the following conditions:

1. PanAmSat shall operate the Intelsat 3R space station at the 43.1° W.L. orbital location in compliance with all existing or future coordination agreements for that location.
2. Use of the 12.5-12.75 GHz frequency bands is not permitted for Fixed-Satellite Service in the space-to-Earth direction in Region 2.
3. In connection with the provision of service in any particular country, PanAmSat is obliged to comply with the applicable laws, regulations, rules, and licensing procedures of that country.
4. Any action taken or expense incurred as a result of operations pursuant to this special temporary authority is solely at PanAmSat's own risk.
5. This grant of authority is without prejudice to any action that the Commission may take in connection with any pending or future application for permanent authority to operate the Intelsat 3R at 43.1° W.L.
6. Grant of this application does not change the expiration date of the authorization for Intelsat 3R, which is February 1, 2011.
7. Nothing in this grant shall be construed as approval of the post-mission disposal plans for the Intelsat 3R.
8. This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective immediately.

*subject to conditions

8. Description (If the complete description does not appear in this box, please go to the end of the form to view it in its entirety.)

PanAmSat Licensee Corp. herein requests an additional 16-day extension -- through June 10, 2010 -- of the Special Temporary Authority previously granted PanAmSat to drift Intelsat 3R from 43.0 W.L. to 43.1 W.L., and to operate the satellite temporarily at 43.1 W.L. in the conventional C- and Ku-bands. Intelsat 3R currently is operating at 43.1 W.L.

9. By checking Yes, the undersigned certifies that neither applicant nor any other party to the application is subject to a denial of Federal benefits that includes FCC benefits pursuant to Section 5301 of the Anti-Drug Act of 1988, 21 U.S.C. Section 862, because of a conviction for possession or distribution of a controlled substance. See 47 CFR 1.2002(b) for the meaning of "party to the application"; party to the application; for these purposes.

Re: Request for Further Extension of Special Temporary Authority for
Intelsat 3R
Call Sign: PAS-2R

Dear Ms. Dortch:

PanAmSat Licensee Corp. ("PanAmSat") herein requests an additional 16-day extension -- through June 10, 2010 -- of the Special Temporary Authority ("STA")¹ previously granted PanAmSat to drift Intelsat 3R from 43.0° W.L. to 43.1° W.L., and to operate the satellite temporarily at 43.1° W.L. in the conventional C- and Ku-bands.² Intelsat 3R currently is operating at 43.1° W.L.

PanAmSat relocated Intelsat 3R to 43.1° W.L. under a 180-day STA³ because at the time that STA request was filed – January 2009 – the estimated fuel on the satellite resulted in a planned de-orbit date in early-to-mid 2010. Since then, PanAmSat has extended the satellite's estimated End of Maneuver Life date to July 2011 after an annual fuel usage evaluation. Given this new information, PanAmSat initially planned to seek permanent authority for the satellite to operate at 43.1° W.L. In response to customer demand, however, PanAmSat has filed a 180-day STA request to drift Intelsat 3R from 43.1°

¹ PanAmSat has filed this STA request, an FCC Form 159 and an \$830.00 filing fee electronically via the International Bureau's Filing System.

² See *Policy Branch Information; Actions Taken*, Report No. SAT-00663, File No. SAT-STA-20100122-00016 (Jan. 29, 2010) (Public Notice); Report No. SAT-00619, File No. SAT-STA-20090129-00012 (July 24, 2009) (Public Notice); *Policy Branch Information; Actions Taken*, Report No. SAT-00677, File No. SAT-STA-20100218-00030 and File No. SAT-STA-20100323-00055 (Apr. 2, 2010) (Public Notice); See *PanAmSat Licensee Corp., Request for Further Extension of STA for Intelsat 3R*, File No. SAT-STA-20100421-00080 (stamp grant issued Apr. 26, 2010 by Stephen J. Duall).

³ See *Policy Branch Information; Actions Taken*, Report No. SAT-00619, File No. SAT-STA-20090129-00012 (July 24, 2009) (Public Notice).

Ms. Marlene H. Dortch

W.L. to 81.0° W.L., and to operate the satellite temporarily at 81.0° W.L. in the conventional C- and Ku-bands beginning on June 1, 2010.⁴

Grant of this STA further extension request is in the public interest because it will allow PanAmSat to continue operating Intelsat 3R at 43.1° W.L. pending its redeployment to 81.0° W.L. This will ensure continuity of service for a customer on the satellite whose service will terminate prior to the drift to 81.0° W.L.

Grant of this STA further extension request will not result in increased risk of harmful interference. PanAmSat will continue to operate the Intelsat 3R satellite at 43.1° W.L. in conformance with PanAmSat's coordination agreements related to the nominal 43.0° W.L. location, as well as with the FCC's rules designed to allow co-frequency, co-coverage operations in a two-degree spaced environment.

For the reasons set forth herein, PanAmSat respectfully requests that the Commission grant this STA further extension request.

Sincerely,

Susan H. Crandall
Assistant General Counsel
Intelsat Corporation

Kathryn Medley
Stephen Duall

⁴ See Policy Branch Information; *Satellite Applications Accepted for Filing*, Report No. SAT-00686, File No. SAT-STA-20100402-00063 (Apr. 30, 2010). PanAmSat is seeking authority for Intelsat 3R to remain at 43.1° W.L. through June 10, 2010 in order to accommodate a possible delay in the satellite's planned move to 81.0° W.L.
