Re: Request for 30-Day Further Extension of Special Temporary Authority to Operate Intelsat 3R at 43.1° WL; Call Sign PAS-2R

Dear Ms. Dortch:

PanAmSat Licensee Corp. ("PanAmSat") herein requests an additional 30-day extension – from June 11, 2010 through July 10, 2010 – of the Special Temporary Authority ("STA")¹ previously granted PanAmSat to operate Intelsat 3R (call sign PAS-2R) at 43.1° W.L.²

PanAmSat relocated Intelsat 3R to 43.1° W.L. under a 180-day STA³ because at the time that STA request was filed – January 2009 – the estimated fuel on the satellite resulted in a planned de-orbit date in early-to-mid 2010. Since then, PanAmSat has extended the satellite's estimated End of Maneuver Life to July 2011 after an annual fuel usage evaluation. Given this new information, PanAmSat initially planned to seek permanent authority to operate at 43.1° W.L. In response to customer demand, however, PanAmSat has filed a 180-day STA request to drift Intelsat 3R from 43.1° W.L. to 81.0° W.L., and to operate the satellite temporarily at 81.0° in the conventional C- and Ku-bands.⁴

¹ Intelsat has filed this STA request, an FCC Form 159 and an \$830.00 filing fee electronically via the International Bureau's Filing System.

² See *Policy Branch Information; Actions Taken*, Report No. SAT-00694, File No. SAT-STA-20100520-00105 (May 28, 2010) (Public Notice); *Policy Branch Information; Actions Taken*, Report No. SAT-00677, File No. SAT-STA-20100218-00030 and File No. SAT-STA-20100323-00055 (Apr. 2, 2010) (Public Notice); *Policy Branch Information; Actions Taken*, Report No. SAT-00663, File No. SAT-STA-20100122-00016 (Jan. 29, 2010) (Public Notice); *Policy Branch Information; Actions Taken*, Report No. SAT-00619, File No. SAT-STA-20090129-00012 (July 24, 2009) (Public Notice).

³ See *Policy Branch Information; Actions Taken*, Report No. SAT-00619, File No. SAT-STA-20090129-00012 (July 24, 2009) (Public Notice).

⁴ See *PanAmSat Licensee Corp. Request for Special Temporary Authority for Intelsat 3R (Call Sign PAS-2R)*, SAT-STA-20100402-00063 (filed Apr. 2, 2010); *Policy Branch Information; Satellite Applications Accepted for Filing*, Report No. SAT-00686, File No. SAT-STA-20100402-00063 (Apr. 30, 2010) (Public Notice).

Ms. Marlene H. Dortch

Page 2

Grant of this STA further extension request is in the public interest because it will allow PanAmSat to continue operating Intelsat 3R at 43.1° W.L. pending its redeployment to 81.0° W.L. This will provide PanAmSat additional time to formulate a redeployment drift plan that best meets all of its customer needs.

Grant of this STA further extension request will not result in increased risk of harmful interference. PanAmSat will continue to operate the Intelsat 3R satellite at 43.1° W.L. in conformance PanAmSat's coordination agreements related to the nominal 43.0° W.L. orbital location, as well as with the FCC's rules designed to allow co-frequency, co-coverage operations in a two-degree spaced environment.

Intelsat 3R current operates at 43.1° W.L. pursuant to a condition stating that the activity is not one of a continuing nature. As such, PanAmSat respectfully requests expedited grant of this STA request within three business days—by June 10, 2011.

For the reasons set forth herein, PanAmSat respectfully requests that the Commission grant this STA further extension request.

Sincerely,

/s/ Susan H. Crandall
