**Re: Supplement to Request for Special Temporary Authority to Use
Intelsat 19 to Provide Commercial Fixed Satellite Service
Using the 12250 – 12750 MHz Frequency Band,
File No. SAT-STA-20120613-00097, Call Sign S2850**

Dear Ms. Dortch:

Intelsat License LLC (“Intelsat”) herein supplements the above referenced pending request for Special Temporary Authority (“STA”) for Intelsat 19 (Call Sign S2850) to provide commercial Fixed-Satellite Service (“FSS”) using the 12250 – 12750 MHz frequency band in International Telecommunication Union (“ITU”) Region 2. Specifically, Intelsat seeks to correct a typographical error in the above referenced pending request.

Intelsat listed 119.0° W.L. as the orbital location of the nearest operational BSS satellite to Intelsat 19 that serves any portion of ITU Region 2 in the 12250 – 12750 MHz frequency band. However, the correct orbital location is 129.0° W.L.

Intelsat respectfully requests that the Commission grant Intelsat’s pending STA request as supplemented with this letter. Please direct any questions regarding this matter to the undersigned.

Sincerely,

/s/ Jennifer D. Hindin
