Re: Supplement to Request for Special Temporary Authority to Drift and Operate Intelsat 5
Call Sign S2704; File No. SAT-STA-20140502-00047

Dear Ms. Dortch:

Intelsat License LLC ("Intelsat") herein supplements its above referenced request for Special Temporary Authority ("STA") to drift Intelsat 5 (call sign S2704) from 50.15° E.L. to 157.0° E.L., and to operate the satellite at 157.0° E.L. in the C- and Ku-bands. Specifically, Intelsat clarifies that Intelsat no longer seeks STA to operate Intelsat 5 at 157.0° E.L. in the following frequency bands:

Uplink:

12750-13250 MHz

Downlink:

10700-10950 MHz

11200-11450 MHz

For the reasons set forth in its original STA request, Intelsat respectfully requests that the Commission expeditiously grant the request.

Sincerely,

Susan H. Crandall
Associate General Counsel
Intelsat Corporation
