EchoStar Satellite Operating Corporation
IBFS File No. SAT-STA-20141027-00114
Call Sign S2741

The application of EchoStar Satellite Operating Corporation (EchoStar) for special temporary authority, IBFS File No. SAT-STA-20141027-00114, is granted. Accordingly, EchoStar is authorized, for a period of 180 days, commencing on December 21, 2014, to continue to conduct telemetry, tracking, and control operations sufficient to maintain EchoStar 3 space station (Call Sign S2741) as an in-orbit spare at the 61.8° W.L. orbital location. All operations of the EchoStar 3 space station must be in accordance with the technical specifications set forth in EchoStar's application, Federal Communications Commission's rules, and the conditions set forth below.

1. All operations under this grant of special temporary authority must be on an unprotected and non-harmful interference basis. EchoStar must not cause harmful interference to, and must not claim protection from interference caused to it by, any other lawfully operating radio communication system.
2. In the event of any harmful interference as a result of operations under this grant of special temporary authority, EchoStar must cease operations immediately upon notification of such interference and must immediately inform the Commission, in writing, of such an event.
3. EchoStar must maintain the EchoStar3 space station with an east/west longitudinal station-keeping tolerance of +/- 0.05 degrees of the 61.8° W.L. orbital location.
4. Any action taken or expense incurred as a result of operations pursuant to this grant of special temporary authority is at EchoStar's own risk.
5. EchoStar is afforded 30 days from the date of the release to decline this authorization as conditioned. Failure to respond within this period will constitute formal acceptance of this authorization as conditioned.
6. This grant is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective upon release.

8. Description (If the complete description does not appear in this box, please go to the end of the form to view it in its entirety.)

EchoStar Satellite Operating Corporation requests renewal of its 180-day Special Temporary Authority to operate the EchoStar 3 satellite, Call Sign S2741, at 61.8 W.L. Specifically, EchoStar requests continued authority to conduct TT&C over the following frequencies − 17301.5 MHz (command), and 12201.0 MHz, 12203.0 MHz, & 12699.0 MHz (telemetry).

9. By checking Yes, the undersigned certifies that neither applicant nor any other party to the application is subject to a denial of Federal benefits that includes FCC benefits pursuant to Section 5301 of the Anti-Drug Act of 1988, 21 U.S.C. Section 862, because of a conviction for possession or distribution of a controlled substance. See 47 CFR 1.2002(b) for the meaning of "party to the application" for these purposes. Yes No

Application for Renewal of Special Temporary Authority to Operate EchoStar 3 as an In-Orbit Spare at 61.8° W.L.)	

**APPLICATION FOR RENEWAL
OF SPECIAL TEMPORARY AUTHORITY**

By this Application, and pursuant to Section 25.120(b)(2) of the Commission’s rules,¹ EchoStar Satellite Operating Corporation (“ESOC,” and with its affiliates, “EchoStar”) hereby requests a 180-day renewal of its special temporary authority (“STA”) to operate the EchoStar 3 satellite at 61.8° W.L. as an in-orbit spare. Specifically, EchoStar requests continued authority to conduct TT&C over the following frequencies: 17301.5 MHz (command); and 12201.0 MHz, 12203.0 MHz, and 12699.0 MHz (telemetry). The current STA for the space station expires on December 20, 2014.²

EchoStar launched the EchoStar 16 satellite in November 2012 to provide additional service for its customer, DISH Network L.L.C., at the nominal 61.5° W.L. orbital location. In anticipation of the arrival of EchoStar 16 at 61.5° W.L., and to provide adequate station-keeping margins for all the satellites in the 61.5° W.L. orbital cluster,³ EchoStar repositioned EchoStar 3

¹ 47 C.F.R. § 25.120(b)(2).

² See *Stamp Grant*, File No. SAT-STA-20140508-00048 (granted July 29, 2014).

³ EchoStar 3 has been operating at 61.8° W.L., while EchoStar 12 has been operating at 61.35° W.L. and EchoStar 16 at 61.5° W.L. EchoStar 15 had also been operating in the 61.5° W.L. cluster, but was relocated to 45.1° W.L. Stamp Grant, File No. SAT-MOD-20130503-00066 (granted June 20, 2013).

at 61.8° W.L. in early 2012.⁴ Operating at 61.8° W.L. as an in-orbit spare, EchoStar 3 remains in close proximity to the 61.5° W.L. nominal orbital location and available, if needed, for repositioning within the orbital cluster to provide service. Accordingly, grant of the requested STA is in the public interest.

I. THIS REQUEST IS IN THE PUBLIC INTEREST AND WILL NOT CAUSE HARMFUL INTERFERENCE

The requested STA is in the public interest for the same reason EchoStar was previously granted an STA to operate EchoStar 3 as an in-orbit spare.⁵ Grant of this application will ensure safe station-keeping margins for each satellite located at the nominal 61.5° W.L. orbital location. Further, grant of this application will not cause harmful interference because EchoStar will conduct TT&C operations with EchoStar 3 at 61.8° W.L. in accordance with the conditions imposed on the original STA grant.⁶

II. WAIVER PURSUANT TO SECTION 304 OF THE ACT

In accordance with Section 304 of the Communications Act of 1934, as amended, 47 U.S.C. § 304, EchoStar hereby waives any claim to the use of any particular frequency or use of the electromagnetic spectrum as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise.

⁴ *Stamp Grant*, File No. SAT-STA-20120424-00073 (granted Apr. 30, 2012).

⁵ *See id.*

⁶ *Id.*

III. CONCLUSION

For the foregoing reasons, EchoStar respectfully requests grant of its application for renewal of its 180-day STA to operate EchoStar 3 as an in-orbit spare at 61.8° W.L.

Respectfully submitted,

/s/
Jennifer A. Manner
