Re: Request for Special Temporary Authority to Drift Galaxy 11 to, and Operate at, 60.1°
E.L. and Notification of Revised Post-mission Disposal Statement; Call Sign: S2253
File No. SAT-STA-20150505-00033

Dear Ms. Dortch:

Intelsat License LLC (“Intelsat”) herein supplements its above referenced request for Special Temporary Authority (“STA”). Specifically, Intelsat clarifies that it will operate Galaxy 11 in the 11700 – 12200 MHz band at 60.1° E.L against the United Kingdom’s INTELSAT KUEXT 60E filing, in conformance with relevant coordination agreements. Intelsat respectfully requests that the United States Administration state its non-objection to the United Kingdom’s use of Galaxy 11 for purposes of maintaining the INTELSAT KUEXT 60E filing.

Please direct any further questions regarding this STA supplement to the undersigned at (703) 559-6949.

Sincerely,

Cynthia J. Grady
Regulatory Counsel
Intelsat Corporation
