**Re: SES Americom, Inc. Request to Relocate AMC-4
Call Sign S2135, File No. SAT-STA-20170503-00070**

Dear Ms. Dortch:

SES Americom, Inc. ("SES"), by its attorney and pursuant to Section 1.65 of the Commission's rules, 47 C.F.R. § 1.65, hereby updates the record regarding the above-referenced request for special temporary authority to relocate the AMC-4 satellite to the nominal 135° W.L. orbital location (the "STA Request"). After filing the STA Request, SES slightly modified the proposed operating location for AMC-4, changing it from 134.85° W.L., as originally stated in the STA Request, to 134.9° W.L. SES subsequently filed an application to modify the AMC-4 license to reassign the spacecraft to 134.9° W.L., File No. SAT-MOD-20170518-00073.

SES requests that the Commission update its records to reflect this minor orbital location change and seeks expedited processing of the STA Request to permit SES to commence relocation of AMC-4 to 134.9° W.L. on or before June 14, 2017. Please address any questions regarding this matter to the undersigned.

Respectfully submitted,

/s/ Karis A. Hastings
