Re: Requests for Special Temporary Authority  
File Nos. SAT-STA-20180502-00039 and SAT-STA-20180502-00040

Dear Ms. Dortch:

Intelsat License LLC (“Intelsat”), hereby supplements its above-referenced requests for Special Temporary Authority (“STA”). Specifically, Intelsat is correcting a typographical error which resulted in the inclusion of the 12750-13250 MHz, 10700-10950 MHz, and 11200-11450 MHz bands in its STA request. While the Intelsat 5 (S2704) spacecraft includes the 12750-13250 MHz, 10700-10950 MHz, and 11200-11450 MHz frequency bands, Intelsat does not currently plan to use these bands at 137.0° W.L.

Please direct any further questions regarding this application supplement to the undersigned at (703) 559-6949.

Sincerely,

Cynthia J. Grady  
Regulatory Counsel  
Intelsat Corporation
