DIRECTV Enterprises, LLC IBFS File No. SAT-STA-20180817-00063

BFS File No(s): SAT-STA-20180817-00063		GRANTED-			
Licensee/Grantee:	DIRECTV Enterprises, LLC (DIRECTV)	With Conditions			
Call Sign:	S2930 ·	COMMI			
Satellite Name:	DIRECTV T15	OF SECOND			
<b>Orbital Location:</b>	100.85° W.L.	(E( ) ) E			
(required station-	$(\pm 0.05^{\circ} \text{ East-West}, \pm 0.05^{\circ} \text{ North-South})$				
keeping tolerance)	COMMISSION				
Administration:	United States of America	Tutamatianal Dunaan			
Nature of Service:	Direct Broadcast Satellite (DBS)	International Bureau Satellite Division			
	Telemetry, tracking, & command (TT&C)				
Scope of Grant:	Special temporary authority for a period of 30 days to conduct TT&C operations necessary to drift DIRECTV T15 from the 102.75° W.L. orbital location to the 100.85° W.L. orbital location and to provide DBS while at 100.85° W.L.				
Service Area(s):	N/A				
Frequencies:	12.2-12.7 GHz (space-to-Earth) 17.3-17.8 GHz (Earth-to-space)  Telemetry, Tracking, and Command 29.5025 GHz (space-to-Earth) 29.5059 GHz (space-to-Earth) 20.1985 GHz (Earth-to-space) 20.1995 GHz (Earth-to-space)				

Unless otherwise specified herein, operations under this grant must comport with the legal and technical specifications set forth by the applicant or petitioner and with Federal Communication Commission's rules not waived herein. This grant is also subject to the following conditions:

- 1. Operations pursuant to this special authority must be on an unprotected and non-harmful interference basis, i.e. the DIRECTV T15 space station must not cause harmful interference to, and DIRECTV must not claim protection from interference caused to it by, any other lawfully operating station. In the event of any harmful interference, DIRECTV must cease operations immediately upon notification of such interference, and must inform the Commission, in writing, immediately of such an event.
- 2. DIRECTV must coordinate the operations of DIRECTV T15 with existing geostationary space stations to ensure that no unacceptable interference results from its operations during the drift to the 100.85° W.L. orbital location.
- 3. DIRECTV may not provide payload services during the drift.
- 4. Any action taken or expense incurred as a result of this special temporary authority is solely at DIRECTV's own risk.

Licensee/grantee is afforded thirty (30) days from the date of release of this action to decline the grant as conditioned. Failure to respond within this period will constitute formal acceptance of the grant as conditioned.

This action is taken pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 CFR § 0.261, and is effective upon release.

Station licenses are subject to the conditions specified in Section 309(h) of the Communications Act of 1934, as Space station licenses are subject to conditions specified in Section 309(h) of the Communications Act of 1934, amended, 47 U.S.C. § 309(h).

#### FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD–PERM, Paperwork Reduction Project (3060–0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060–0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

# EXHIBIT 1 REQUEST FOR SPECIAL TEMPORARY AUTHORITY

DIRECTV Enterprises, LLC ("DIRECTV") respectfully requests a grant of special temporary authority ("STA")<sup>1</sup> for 30 days commencing September 4, 2018 to drift its T15 satellite (Call Sign S2930) from its current location at 102.75° W.L. to 100.85° W.L. and to operate the satellite at 100.85° W.L.

T15 is currently located at its permanently licensed orbital location of 102.75° W.L.<sup>2</sup>
DIRECTV plans to relocate the satellite to 100.85° W.L. to fill a temporary business need for additional Ku-band DBS (12.2-12.7 GHz (space-to-Earth) and 17.3-17.8 GHz (Earth-to-space)) capacity at the nominal 101° W.L. orbital location. The drift is scheduled to begin on September 4, 2018 and is expected to last approximately ten days. Once relocated, T15 will initially be collocated with DIRECTV's T8 satellite (Call Sign S2632) at 100.85° W.L.<sup>3</sup> DIRECTV plans to file a separate STA request to relocate T8 to 100.75° W.L. once T15 is relocated to 100.85° W.L. and traffic is transferred from T8 to T15. DIRECTV also intends to file an additional, 180-day STA request to continue operating T15 at 100.85° W.L. until the satellite returns to its permanently licensed orbital location.<sup>4</sup>

<sup>&</sup>lt;sup>1</sup> DIRECTV has filed this STA request, an FCC Form 159, and a \$945.00 filing fee electronically via the International Bureau's Filing System.

<sup>&</sup>lt;sup>2</sup> See Policy Branch Information; Actions Taken, Public Notice, Report No. SAT-01086, File No. SAT-LOA-20140825-00094 (May 22, 2015); Policy Branch Information; Actions Taken, Public Notice, Report No. SAT-01084, File No. SAT-MOD-20140612-00066 (May 15, 2015). T15's 17/24 GHz BSS band payload was originally authorized under Call Sign S2712, which was consolidated with Call Sign S2930 in September 2017.

<sup>&</sup>lt;sup>3</sup> See Policy Branch Information; Actions Taken, Public Notice, Report No. SAT-01088, File No. SAT-MOD-20150304-00009 (May 29, 2015); Policy Branch Information; Actions Taken, Public Notice, Report No. SAT-00431, File Nos. SAT-AMD-20070111-00010, SAT-MOD-20061213-00151 (Mar. 30, 2007). T8's Ka-band payload was originally authorized under Call Sign S2132, which was consolidated with Call Sign S2632 in September 2017.

<sup>&</sup>lt;sup>4</sup> DIRECTV currently anticipates returning T15 to the nominal 103° W.L. orbital location in 2019 based on business needs.

agreements. DIRECTV has previously provided technical information for T15's Ku-DBS payload and incorporates such information by reference here.<sup>6</sup>

DIRECTV has assessed and limited the probability of the space station becoming a source of debris as a result of collisions with large debris or other operational space stations. Apart from the satellite's temporary colocation with DIRECTV's T8 satellite, which DIRECTV will manage internally to ensure safe-stationkeeping, T15 will not be located at the same orbital location as another satellite or at an orbital location that has an overlapping station-keeping volume with another satellite. DIRECTV is not aware of any other FCC-licensed system, or any other system applied for and under consideration by the FCC, having an overlapping station-keeping volume with T15 at 100.85° W.L. DIRECTV is also not aware of any other system with an overlapping station-keeping volume with T15 that is the subject of an ITU filing that is either in orbit or progressing towards launch.

Grant of this STA request will serve the public interest because it will extend coverage, improve service performance, and provide additional capacity to customers at the nominal 101° W.L. orbital location. Accordingly, DIRECTV respectfully requests that the Commission grant this request.

<sup>&</sup>lt;sup>6</sup> See Application of DIRECTV Enterprises, LLC For Authorization to Launch and Operate DIRECTV 15 at 103° W.L., File No. SAT-LOA-20140825-00094 (granted May 20, 2015).
