Re: Request for Extension of Special Temporary Authority to Conduct In-Orbit Testing of,
and to Drift the Intelsat 39 Satellite; Call Sign S3023
File No: SAT-STA-20190918-00096

Dear Ms. Dortch:

Intelsat License LLC, at the request of Federal Communications Commission staff, herein supplements its above-referenced request to update Intelsat 39's final location to 61.95° E.L. In a related Special Temporary Authority ("STA") grant, Intelsat was recently authorized to conduct in-orbit testing of, and to operate Intelsat 39 at 61.95° E.L.¹ As such, the first sentence of the above referenced application should now read:

Intelsat License LLC herein requests an additional 30 days of Special Temporary Authority previously granted to Intelsat to ... drift the satellite to **61.95° E.L.**

Please direct any questions regarding this supplement to the undersigned at (703) 559-6949.

Sincerely,

/s/ Cynthia J. Grady
