

Statement Regarding Exclusion from Executive Branch Referral

Cirion respectfully submits that this application qualifies for exclusion from referral to the Executive Branch pursuant to Section 1.40001(a)(2) of the Commission's rules. On July 28, 2026, Christopher R. Clements, the Chief (Acting) of the Foreign Investment Review Section of the National Security Division, notified Cirion that the Committee does not believe a referral of this application under Section 5 of Executive Order (“E.O.”) 13913 is necessary. Please see Attachment A.

Due to this response, Cirion is requesting exclusion of referral to Executive Branch, as the Pan-American Crossing Cable renewal application qualifies for exclusion from Executive Branch referral under Section 1.40001(a)(2). Cirion's ownership and control remain consistent with the information previously reviewed by the Commission, and there have been no material changes that would affect Cirion's eligibility for the exclusion. Accordingly, this application qualifies for exclusion from Executive Branch referral pursuant to Section 1.40001(a)(2).

Re: Pan-American Crossing Cable (FCC File No. SCL-RWL-20250828-00034)

Dear Ms. Dortch:

The Commission is notified that the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector ("Committee") to Commission staff that, based on available information, the Committee does not believe a referral of this application under Section 5 of Executive Order ("E.O.") 13913 is necessary.

In making this determination, the Committee considered the Applicant's responses to Standard Questions for Applications and Petitions Subject to Executive Branch Review, the Committee's ongoing monitoring of the Applicant's compliance with their existing mitigation agreement (dated April 21, 2022), and the expectation that the Commission will condition the grant of this renewal on compliance by the Applicants with the Letter of Agreement dated April 21, 2022.¹

Sincerely,
