Re: Pro Forma Assignment of Cable Landing License for the Alaska United West System, FCC File No. SCL-LIC-20020522-00047

Dear Ms. Dortch:

By its counsel, GCI Communication Corp. ("GCIC") hereby notifies the Commission of a *pro forma* assignment of the above-referenced cable landing license. Consistent with Section 1.767(g)(7) and the *pro forma* condition in AUFSP's cable landing license for the Alaska United West system, GCIC is notifying the Commission of this *pro forma* assignment within 30 days of the consummation date of the assignment.¹

On May 15, 2008, Alaska United Fiber System Partnership ("AUFSP") assigned the cable landing license for the Alaska United West undersea cable system to GCIC. AUFSP and GCIC are both wholly-owned and controlled subsidiaries of General Communication, Inc. ("GCI"). GCIC therefore certifies in the attachment to this letter that the assignment is *pro forma* as defined by Section 63.24(a) of the Commission's rules and, taken together with all previous *pro forma* transactions, would not result in a change of the licensee's ultimate control. GCI will retain ultimate control of the cable landing license both before and after the consummation of the assignment. As indicated in the attached certificate of service, the Executive Branch agencies have been notified of the *pro forma* assignment

¹ See 47 C.F.R. § 1.767(g)(7); *Actions Taken Under the Cable Landing License Act, Public Notice*, 2002 FCC LEXIS 3809 (2002) (adding *pro forma* condition as Routine Condition 7).

Arlington, Virginia 22204

Kent D. Bressie

CERTIFICATION

I, Tina Pidgeon, Vice President – Federal Regulatory Affairs of GCI Communication Corp. (“GCIC”) hereby certify that the assignment described in the attached letter was *pro forma* as defined by Section 63.24 of the Commission’s rules, and that, taken together with all previous *pro forma* transactions, did not result in a change of the licensee’s ultimate control. To the contrary, General Communication, Inc. (“GCI”), will retain ultimate control of the cable landing license both before and after the consummation of the assignment, as both the assignor (Alaska United Fiber System Partnership) and the assignee (GCIC) are wholly-owned and controlled by GCI.

Re: Pro Forma Assignment of Cable Landing License for the Alaska United West System, FCC File No. SCL-LIC-20020522-00047

Dear Ms. Dortch:

By its counsel, Unicom, Inc. (“Unicom”), hereby notifies the Commission of a *pro forma* assignment of the above-referenced cable landing license. Consistent with Section 1.767(g)(7) and the *pro forma* condition in the cable landing license for the Alaska United West undersea cable system, Unicom is notifying the Commission of this *pro forma* assignment within 30 days of the consummation date of the assignment.¹

On September 29, 2012, as part of an internal corporate reorganization, GCI Communication Corp. (“GCIC”) assigned the cable landing license for the Alaska United West system to Unicom. GCIC and Unicom are both wholly-owned and controlled subsidiaries of General Communication, Inc. (“GCI”). Unicom therefore certifies in the attachment to this letter that the assignment is *pro forma* as defined by Section 63.24(a) of the Commission’s rules and, taken together with all previous *pro forma* transactions, would not result in a change of the licensee’s ultimate control. GCI will retain ultimate control of the cable landing license after the consummation of the assignment. As indicated in the attached certificate of service, the Executive Branch agencies have been notified of the *pro forma* assignment.

In preparing this *pro forma* assignment notification, Unicom and GCIC discovered that the Commission had never noted in the International Bureau Filing System (“IBFS”) an earlier *pro forma* assignment of the Alaska United West cable landing license, from the Alaska United

¹ See 47 C.F.R. § 1.767(g)(7); *Actions Taken Under the Cable Landing License Act*, Public Notice, 2002 FCC LEXIS 3809 (2002) (adding *pro forma* condition as Routine Condition 7).

Fiber System Partnership (“AUFSP”) to GCIC. AUFSP and GCIC notified the Commission of that earlier *pro forma* assignment on May 15, 2008, as reflected in the attached copy of that earlier notification, date-stamped by the Secretary’s office. Unicom and GCIC respectfully request that the Commission note the earlier filing in its licensing files and IBFS.

Unicom also requests that the Commission note in its licensing files and IBFS the following contact information:
