Notification of the *Pro Forma* Assignment  
of Cable Landing License

To: Chief, International Bureau

**NOTIFICATION OF *PRO FORMA* ASSIGNMENT  
OF CABLE LANDING LICENSE**

Pursuant to an Act Relating to the Landing and Operation of Submarine Cables in the United States, 47 U.S.C. §§ 34-39, and Section 1.767 of the Commission’s Rules, 47 C.F.R. § 1.767, Verizon Business Global LLC (“Verizon Business Global”) and MCI Communications Corporation notify the Federal Communications Commission (“Commission” or “FCC”) of the *pro forma* assignment of Verizon Business Global’s 13.43% interest in the Japan-U.S. submarine cable, File No. SCL-MOD-20130227-00002, to its wholly owned subsidiary, MCI Communications Corporation, as part of a planned internal corporate restructuring involving certain wholly owned subsidiaries of Verizon Communications Inc. (“Verizon”).

***Description of Transaction and Public Interest Statement***

As part of an internal restructuring, Verizon assigned all of the FCC licenses and authorizations held by Verizon Business Global to Verizon Business Global’s wholly owned

subsidiary, MCI Communications Corporation.<sup>1</sup> This restructuring occurred on December 31, 2015.

Verizon Business Global and MCI Communications Corporation are both wholly owned subsidiaries of Verizon. Because the assignment did not change the ultimate control of the submarine cable interest at issue (it remains controlled by Verizon), it is *pro forma* in nature.<sup>2</sup>

The Commission has stated that, in situations “where no substantial change of control will result from the transfer or assignment, grant of the application is deemed presumptively in the public interest.”<sup>3</sup>

Below is the information required pursuant to Section 1.767 of the Commission’s rules.
