**NOTIFICATION OF *PRO FORMA* ASSIGNMENT OF
CABLE LANDING LICENSE**

Pursuant to an Act Relating to the Landing and Operation of Submarine Cables in the United States, 47 U.S.C. §§ 34-39, and Section 1.767 of the Commission’s rules, 47 C.F.R. § 1.767, Verizon Business Global LLC (“Verizon Business”) notifies the Federal Communications Commission (“Commission” or “FCC”) of the *pro forma* assignment of MCI Communications Corporation’s (“MCI”) 13.43 percent interest in the Japan-U.S. submarine cable system (SCL-LIC-19981117-00025, SCL-MOD-20130227-00002) to Verizon Business in connection with an internal restructuring involving certain subsidiaries of Verizon Communications Inc. (“Verizon”).¹

¹ The Japan-US cable system qualifies for the Commission’s post-closing notification procedures. See *Actions Taken Under Cable Landing License Act*, Public Notice, DA No. 08-306, File No. SCL-MOD-20071130-00020, (Feb. 7, 2008) (adding the *pro forma* condition in 47 C.F.R. § 1.767(g)(7) to the Japan-US cable system); see also *Review of Commission Consideration of Applications Under Cable Landing License Act*, Memorandum Opinion and Order, 16 FCC Rcd 22167, 22199, ¶ 61 (2001).

Description of Transaction and Public Interest Statement

Verizon effectuated an internal restructuring involving certain direct and indirect subsidiaries of Verizon on June 30, 2020.² The restructuring included the elimination of multiple companies in the Verizon ownership chain, as well as the conversion of certain companies from corporations to limited liability companies. These non-substantive internal ownership changes resulted in the *pro forma* assignment or transfer of control of various FCC licenses and authorizations within Verizon. Verizon, both before and after the restructuring, indirectly controlled such licenses and authorizations. Specifically, the following *pro forma* transactions took place on or about June 30, 2020:

1. The following intermediate holding companies were merged into their respective immediate parent companies, which ultimately merged into MCI International, Inc. (which, as noted below, has converted into a limited liability company):

MCI Broadband Solutions, Inc.
Terremark Worldwide, Inc.
MCI International Telecommunications Corporation
MCI International Services, Inc.

2. MCI Communications Corporation was merged into its immediate parent company, Verizon Business Global LLC.
3. Verizon Americas Finance 1 Inc. and GTE Wireless of the Midwest Incorporated were merged into Verizon Americas Inc. (which, as noted below, has converted into a limited liability company).
4. The following subsidiaries were converted from corporations to limited liability companies:

Verizon Business Network Services Inc.
MCI International, Inc.
MCI Communications Services, Inc.
Verizon Americas Inc.

² The parties received prior Commission approval for the *pro forma* assignment of MCI's interest in the MAYA-1 submarine cable, which is not subject to the Commission's post-closing notification procedures, to Verizon Business. *See Actions Taken Under Cable Landing License Act*, Public Notice, DA No. 20-660, File No. SCL-ASG-20200601-00022 (rel. June 24, 2020).

5. Bell Atlantic Mobile Systems LLC changed its name to BAMS Communications LLC (“BAMS Communications”). BAMS Communications formed a new wholly-owned subsidiary named Bell Atlantic Mobile Systems LLC (“New BAMS”), then contributed its assets to New BAMS. Those assets include: (1) its FCC licenses, authorizations, and leases; and (2) any partnership interests held in other Verizon licensees, including its approximate 23.64 percent general partnership interest in Cellco Partnership.

Attachment 1 includes charts showing the ownership of the affected FCC licensees before and after the *pro forma* transactions described above. A list of the affected licensee subsidiaries also is provided in Attachment 2.³

Because the internal restructuring did not change the ultimate control of any license or licensee – Verizon continues to control all of the licensees post-closing – the transactions described above are *pro forma* in nature.⁴ The Commission has stated that, in situations “where no substantial change of control will result from the transfer or assignment, grant of the application is deemed presumptively in the public interest.”⁵

The information required pursuant to Section 1.767 of the Commission’s rules is set forth below.

³ The licensees and licenses referenced in these filings are intended to be complete and include all licensees and licenses affected by the internal reorganization. Verizon, however, requests that FCC approval of the *pro forma* transfer or assignment applications include any licensees and licenses that may have been inadvertently omitted or are in pending status.

⁴ *Communications Bar Ass’n’s Petition for Forbearance from Section 310(d) of the Communications Act Regarding Non-Substantial Assignments of Wireless Licenses & Transfers of Control Involving Telecomms. Carriers*, Memorandum Opinion and Order, 13 FCC Rcd. 6293, 6299, ¶ 8 (1998) (concluding that a “corporate reorganization which involves no substantial change in the beneficial ownership of the corporation” is *pro forma* in nature).

⁵ *Id.* at 6295, ¶ 2. See also *1998 Biennial Review – Review of International Common Carrier Regulations*, Report and Order, 14 FCC Rcd 4909, ¶ 42 (1999) (finding that “[r]egulatory review of [*pro forma*] transactions yields no significant public interest benefits, but may delay or hinder transactions that could provide substantial financial, operational, or administrative benefits for carriers.”).
