Attachment to Foreign Carrier Affiliation Notification

Response to Question 7

On April 7, 2026 (the "Authorization Date"), Intercity Assets Pty Ltd ("Intercity Assets") received a carrier license from the Australian Communications and Media Authority under the Australian Telecommunications Act 1997. Intercity Assets is an Australian entity that is a wholly owned subsidiary of Telstra Group Limited.

Intercity Assets and Telstra Incorporated are commonly owned by Telstra Group Limited and are, therefore, affiliates for purposes of the Commission's foreign carrier affiliation rules, including Sections 63.11 and 1.768 of the Commission's rules.[1] Upon receipt of the Australian carrier license, Intercity Assets may be deemed a "foreign carrier" under the Commission's rules, which may give rise to the notification requirements of 47 C.F.R. §§ 63.11 and 1.768, as applicable.

However, as there was no transaction or acquisition in the instant case, there was no consummation or closing date as contemplated by the FCC's rules. Nevertheless, out of an abundance of caution, Telstra Incorporated is filing this notification pursuant to the applicable foreign carrier affiliation notification rule (47 C.F.R. § 63.11 or § 1.768, as applicable) and has provided the Authorization Date in response to Question 5.b.2, "Post-Consummation Table," item (b), "Date of Closing."

Certification Under the WTO Member Exception

Australia is a Member of the World Trade Organization. Accordingly, Telstra Incorporated certifies, pursuant to 47 C.F.R. §§ 63.11(b)(2)(ii) and 1.768(b)(2)(ii), that Intercity Assets is authorized to operate in a WTO Member. Telstra Incorporated further certifies that it agrees to comply with the dominant carrier safeguards contained in Section 63.10 and the reporting requirements contained in Section 1.767(l), as applicable.
