Re: Submarine Cable In-Service Dates

Dear Ms. Coca:

The in-service dates for the submarine cables to which CenturyLink or one of its wholly owned subsidiaries is a licensee are as follows:

Cable	Authorization	In-Service Date
Atlantic Crossing 1 (AC-1)	SCL-LIC-19970506-00003	May 1, 1998
Mid-Atlantic Crossing (MAC)	SCL-LIC-19981030-00023	June 1, 2000
Pan American Crossing (PAC)	SCL-LIC-19981103-00022	January 25, 2001
South American Crossing (SAC)	SCL-LIC-19990823-00015	September 1, 2000
Yellow	SCL-LIC-19990913-00019	November 1, 2000
Hawaii Island Fiber Network (HIFN)	SCL-LIC-19950627-00024	June 27, 1997

CenturyLink has uploaded a copy of the in-service letter for PAC via IBFS. Hawaiian Telecom, Inc. separately filed an in-service notification for HIFN.¹ Neither CenturyLink nor its outside counsel have been able to locate copies of the in-service letters previously provided to the Commission for AC-1, MAC, SAC, or Yellow, and while our records and Telegeography's data indicate the month and year that

¹ See Letter from Steven P. Golden, Vice President, External Affairs, Hawaiian Telecom, Inc. to Tom Sullivan, Bureau Chief, International Bureau, FCC, dated May 11, 2018, in File No. SLC-SCL-LIC-19950627-00024.

those cables were placed into service, we do not have record of the day.² We have therefore taken the conservative approach and identified the first day of the month each of those cables was placed in service as the in-service date.

Please do not hesitate to contact me with any questions on this matter.

Best regards,

/s/ Nicholas G. Alexander
