Re: Notification of Naming of Submarine Cable System - Correction

Dear Ms. Dortch:

On April 17, 2009 Telstra Incorporated ("Telstra"), by its attorneys, notified the Federal Communications Commission ("Commission") of the naming of its submarine cable system (SCL-LIC-20070621-00009) between Sydney, Australia and Hawaii.¹ At that time Telstra notified the Commission that the cable system was named "Endeavour." Telstra files this letter to notify the Commission that the correct name of the submarine cable system is "Telstra Endeavour." Telstra will be using the name "Telstra Endeavour" in all future correspondence and reports filed with the Commission, and it requests that the Commission update its records to refer to the cable system by that name as well.

Please contact the undersigned at (202) 342-8614 if you have any questions regarding this filing.

Respectfully submitted,

Denise Smith /DM

Re: Notification of Naming of Submarine Cable System

Dear Ms. Dortch:

Telstra Incorporated ("Telstra"), by its attorneys, hereby notifies the Federal Communications Commission ("Commission") of the naming of its submarine cable system between Sydney, Australia and Hawaii. Telstra received a submarine cable landing license from the Commission last year for this cable system (SCL-LIC-20070621-00009), which was referred to as the Sydney-Hawaii system. Telstra has now formally named the cable "Endeavour" and uses that name when conducting business related to the cable system. Accordingly, Telstra hereby notifies the Commission that it intends to refer to the cable system as "Endeavour" instead of "Sydney-Hawaii" in all future correspondence and reports filed with the Commission, and it requests that the Commission refer to the cable system by that name as well.

Please contact the undersigned at (202) 342-8614 if you have any questions regarding this filing.

Respectfully submitted,

Denise N. Smith

Counsel to Telstra Incorporated
