Re: Cable Landing License Application for the Southeast Asia-US Submarine Cable System, FCC File No. SCL-LIC-20150626-00016

Dear Ms. Dortch:

On behalf of the owners of the Southeast Asia-US (“SEA-US”) submarine cable system, I hereby respond to a request from International Bureau staff seeking confirmation in the above-referenced file that Telekomunikasi Indonesia International (USA) Inc.’s proposed acquisition of TeleGuam Holdings, LLC d/b/a GTA (the “GTA Acquisition”) was never consummated. The parties to that transaction notified the Commission in the attached letter dated June 2, 2016, and filed in WC Docket No. 15-148 that the GTA Transaction would not be consummated that that they were withdrawing their applications for consent to that Transaction. Consequently, the ownership information provided on pages 3 through 6 of Exhibit I to the cable landing license application filed on June 26, 2015, in the above-referenced file remains current and correct.

Should you require any additional information, please do not hesitate to contact me.

Respectfully submitted,

Kent Bressie
