Re: GU Holdings Inc. and Edge Cable Holdings USA, LLC ("New PLCN"), FCC Docket No. SCL-LIC-20200827-00038 (TT 20-044)

Dear Ms. Dortch:

The Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector ("Committee") has determined that a secondary assessment of the above-referenced application ("Application") is warranted because risk to national security or law enforcement interests cannot be mitigated by standard mitigation measures.¹ The Commission is notified that the Committee shall conduct such an assessment of the Application to further evaluate the risk posed to national security and law enforcement interests of the United States.

The Committee shall complete its secondary assessment of the Application before the end of the 90-day secondary assessment period, which begins on the date of this letter. The Commission will be notified promptly in the event of an extension of the 90-day secondary assessment period.

¹ See attached notification of the Chair.

Thank you for your consideration.

Sincerely,
