Re: Application for Authority to Add a New Dominican Republic Landing and Modify the Cable Landing License for the South America-1 System, File Nos. SCL-LIC-20000204-00003, SCL-MOD-20180625-00016, and SCL-MOD-20180905-00032

Dear Ms. Dortch:

Through their counsel, Telxius Cable USA, Inc., Telxius Cable Puerto Rico, Inc., and Telxius Cable América, S.A. (collectively, “Applicants”) supplement the above-referenced application to add a new Dominican Republic landing and modify the cable landing license for the South America-1 (“SAM-1”) system to confirm that Santos, Brazil remains a SAM-1 landing point, and to provide the Commission with the geographic coordinates for each of the SAM-1 cable landing stations. Commission staff had requested confirmation of this information given that the SAM-1 system was licensed in the year 2000.

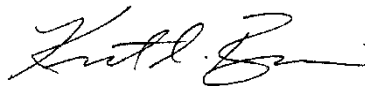

First, Applicants confirm that the SAM-1 system connects Boca Raton, Florida; San Juan, Puerto Rico; Las Toninas, Argentina; Fortaleza, Salvador, Rio de Janeiro and Santos, Brazil; Arica and Valparaíso, Chile; Barranquilla, Colombia; Punta Carnero, Ecuador; Puerto Barrios and Puerto San Jose, Guatemala; and Lurin and Máncora, Peru.

Second, per the Commission’s request, Applicants provide, at Exhibit A, the geographic coordinates for each of the SAM-1 cable landing stations.

Ms. Marlene Dortch
Federal Communications Commission
