**PETITION TO ADOPT CONDITIONS TO
AUTHORIZATIONS AND LICENSES**

The Department of Homeland Security (“DHS”) hereby submits this Petition to Adopt Conditions to Authorizations and Licenses (“Petition”), pursuant to Section 1.41 of the Federal Communications Commission (“Commission”) rules.¹ Through this Petition, DHS advises the Commission that DHS has no objection to the Commission approving the authority sought in the above-referenced proceeding, provided that the Commission conditions its approval on the commitment of Telxius Cable USA, Inc. (“Telxius”) to abide by the undertakings set forth in the December 4, 2019 Letter of Assurances (“LOA”), which is attached hereto as Attachment A. The above-referenced proceeding involves an application seeking Commission approval to modify the cable landing license for the South America-1 submarine cable system to authorize construction and operation of a segment landing in the Dominican Republic, and to add Telxius America as a joint licensee (FCC File No. SCL-MOD-20180905-00032).

The Commission has long recognized that law enforcement, national security, and public safety concerns are part of its public interest analysis and has accorded deference to the views of other U.S. government agencies with expertise in those areas. *See Comsat*

¹ 47 C.F.R. § 1.41.

Corporation d/b/a Comsat Mobile Communications, 16 FCC Rcd. 21661, 21707, ¶ 94 (2001).

After discussions with Telxius in connection with the above-referenced proceeding, DHS has concluded that the commitments set forth in the LOA will help ensure that those agencies with responsibility for enforcing the law, protecting the national security, and preserving public safety can proceed appropriately to satisfy those responsibilities. Accordingly, DHS advises the Commission that it has no objection to the Commission granting the application in the above-referenced proceeding, provided that the Commission conditions its consent on compliance by Telxius with the LOA.

Respectfully submitted,

/S/ Brien Beattie
