**REQUEST FOR SPECIAL TEMPORARY AUTHORITY**

Puerto Rico Telephone Company, Inc. ("PRTC," FRN 0001731470) and LATAM Telecommunications, LLC ("LATAM," FRN 0021426093) (together, the "Applicants"), hereby request special temporary authority ("STA") to operate segments of the América Móvil Submarine Cable System ("AMX1 System") connecting Isla San Andrés (Colombia) and Puerto Limón (Costa Rica) pending grant of an application to modify the cable landing license for the AMX1 System, which they have concurrently filed with the Commission. The Applicants attach a copy of that license modification application as Exhibit 1 to this request and incorporate it by reference.

The AMX1 System is a non-common carrier fiber-optic cable system linking the Continental United States, the Dominican Republic, Puerto Rico, Brazil, Colombia, Guatemala, and Mexico. The Commission granted a cable landing license for the AMX1 System on January

31, 2013,<sup>1</sup> and the AMX1 System entered commercial service on June 23, 2014.

Upon review of the licensing history for the AMX1 System in connection with the addition of a new segment between Puerto Rico and the Dominican Republic, the Applicants discovered that no request had been filed with the Commission seeking to modify the AMX1 Cable Landing License to add the segments connecting Isla San Andrés (Colombia) and Puerto Limón (Costa Rica). This omission was inadvertent, and the Applicants seek to remedy it in filing a license modification request in addition to this STA request.

In Exhibit 1, the Applicants provide complete details of: (a) their ownership and affiliations; (b) the facilities connecting the AMX1 System to Isla San Andrés, Colombia, and Puerto Limón, Costa Rica, which were constructed in 2022 and entered into commercial service in December 2022; (c) the ownership of those facilities; (d) the Isla San Andrés, Colombia, and Puerto Limón, Costa Rica, landing points; (e) the regulatory status; and (f) the required certifications and streamlining showings.

The facilities in question consist of three segments: new segment S.4.6.1 connecting Branching Unit 11 (“BU11”) to Branching Unit 12 (“BU12”); new segment S.4.6.2 connecting BU12 to Isla San Andrés, Colombia; and new segment S.4.6.3 connecting BU12 to Puerto Limón, Costa Rica.

<sup>1</sup> Public Notice, Actions Taken Under Cable Landing License Act, Section 1.767(a) Cable Landing Licenses, Modifications, and Assignments or Transfers of Control of Interests in Cable Landing Licenses (47 C.F.R. § 1.767(a)), Report No. SCL-00137, DA No. 13-247 (rel. Feb. 21, 2013) (granting File No. SCL-LIC-20120330-00002) (“AMX1 Grant Public Notice”). The initial licensees on the AMX1 System were PRTC, LATAM, and Claro Chile, S.A. (“Claro Chile”), all of which are controlled by América Móvil, S.A.B. de C.V. On December 13, 2018, in a *pro forma* transaction, Claro Chile assigned its ownership interest in the AMX1 System to PRTC. Actions Taken Under Cable Landing License Act, Public Notice, Report No. SCL-00235, DA 19-200, File No. SCL-ASG-20190128-00003 (Mar. 21, 2019).

The Commission has previously granted STAs in similar circumstances, and it should also do so in this case.<sup>2</sup> An STA authorizing the segments of the AMX1 System connecting Isla San Andrés (Colombia) and Puerto Limón (Costa Rica) pending grant of an application to modify the cable landing license is in the public interest because interruption of the aforementioned segments, even on a temporary basis, would be detrimental to customers who rely on connectivity to the United States.

The Applicants acknowledge that grant of this STA request will not prejudice action by the Commission on the underlying license modification application and that such STA is subject to cancellation or modification upon notice. Furthermore, the Applicants acknowledge that such STA can be revoked by the Commission on its own motion without a hearing.

<sup>2</sup> See Request for Special Temporary Authority to Operate Segments Connecting Ecuador and Peru of the South America-1 (“SAm-1”) System, File No. SCL-STA-20190826-00029 (filed Aug. 26, 2019; granted Sept. 9, 2019) (regarding landing points in Punta Carnero, Ecuador, and Mancora, Perú); Request for Special Temporary Authority Relating to a Modification to the Pan American Crossing (“PAC”) Submarine Cable Landing License, File No. SCL-STA-20110524-00021 (filed May 24, 2011; granted June 6, 2011) (regarding landing point in Jaco, Costa Rica).

## CONCLUSION

For the foregoing reasons, the Commission should expeditiously grant this STA request and the associated license modification application.

**APPLICATION TO MODIFY SUBMARINE CABLE LANDING LICENSE –  
STREAMLINED PROCESSING REQUESTED**

Puerto Rico Telephone Company, Inc. ("PRTC," FRN 0001731470) and LATAM Telecommunications, LLC ("LATAM," FRN 0021426093) (together, the "Applicants"), pursuant to Section 1.767 of the Commission's rules, 47 C.F.R. § 1.767, hereby apply to modify the cable landing license for the América Móvil Submarine Cable System ("AMX1 System"), to authorize a new segment directly connecting Ponce (Puerto Rico) and Santo Domingo (Dominican Republic), as well as additional landing points in Isla San Andrés (Colombia) and Puerto Limón (Costa Rica). Applicants request streamlined processing for this application pursuant to 47 C.F.R. § 1.767(k)(3) because the destination markets where the Applicants have an affiliation with a foreign carrier are World Trade Organization (WTO) Members, and pursuant to 47 C.F.R. § 1.767(k)(4), because Applicants are not required to submit a consistency certification to any state or territory under the Coastal Zone Management Act with respect to a cable landing license.

The AMX1 System is a non-common carrier fiber-optic cable system linking the Continental United States, the Dominican Republic, Puerto Rico, Brazil, Colombia, Guatemala, and Mexico. The Commission granted a cable landing license for the AMX1 System on January 31, 2013,<sup>1</sup> and the AMX1 System entered commercial service on June 23, 2014.

Ponce-Santo Domingo Segment. PRTC will be responsible for operating the landing terminal equipment for the new segment in Ponce, Puerto Rico, and Applicants' affiliate, Compañía Dominicana de Teléfonos, S.A. d/b/a Claro Dominicana ("Claro Dominicana"), will be responsible for operating the landing terminal equipment for the New Segment in Santo Domingo, Dominican Republic. PRTC will construct backhaul facilities between the existing landing station in San Juan, Puerto Rico, and the proposed new landing station in Ponce, Puerto Rico. In the event of an outage on the existing segment between San Juan, Puerto Rico, and Puerto Plata, Dominican Republic, including due to hurricanes and other natural disasters, the new segment will permit complete geographic diversity and network resilience between Puerto Rico and the Dominican Republic. In addition, the new segment will help meet the growth in IP, data, and voice traffic between Puerto Rico and the Dominican Republic. The landing party in each jurisdiction will seek all required government approvals, permits, and licenses for the new landing stations and operations from the relevant authorities. The Applicants intend to commence commercial operation of the Ponce-Santo Domingo segment by the second calendar quarter of 2025. Therefore, the Applicants seek the timely grant of the modified a cable landing license no later than December 31, 2023, in order to permit construction activities to proceed on

Isla San Andrés and Puerto Limón Landing Points. Upon further review of the licensing history for the AMX1 System, the Applicants discovered that no request had been filed with the Commission seeking modification of the AMX1 System Landing License to add the foreign landing points in Isla San Andrés, Colombia, and Puerto Limón, Costa Rica, to the scope of the license. The landing stations in Isla San Andrés and Puerto Limón were place into operation in December 2022. This omission was inadvertent, and the Applicants seek to remedy it in filing this license modification request and associated request for special temporary authority.

**I. INFORMATION REQUIRED BY 47 C.F.R. § 1.767**

**A. Information Required by 47 C.F.R. § 1.767(a)(1)-(3), (a)(8), (a)(9), (j), and (k)**

The Applicants provide company-specific responses to and certifications required by 47 C.F.R. § 1.767(a)(1)-(3), (a)(8), (a)(9), (j), and (k) in the following appendices:

- Appendix A: PRTC
- Appendix B: LATAM

**B. System Description<sup>2</sup>**

Ponce-Santo Domingo Segment. The segment will directly link Ponce, Puerto Rico, with Santo Domingo, Dominican Republic and connect it to the rest of AMX-1 Cable System as described in Diagram 1 in Appendix C. The Ponce-Santo Domingo segment will have 1,081.68 km with the following sub-segments:

| Name      | Description                                 | Distance (km) | Fiber Pairs |

| S.2.4.1.2 | From ROADM 05 to ROADM 13                   | 455.750       | 4           |
| S.2.4.1.3 | From ROADM 13 to Branching Unit 13 (“BU13”) | 57.872        | 6           |

<sup>2</sup> See 47 C.F.R. § 1.767(a)(4).

| Name    | Description                                    | Distance (km) | Fiber Pairs |
|---------|------------------------------------------------|---------------|-------------|
| S.2.4.2 | From BU13 to Santo Domingo, Dominican Republic | 108.581       | 4           |
| S.2.4.3 | From BU13 to Ponce, Puerto Rico                | 408.233       | 2           |

Each fiber pair has a design capacity of 10 Tbps using current technology. The Applicants expect the new segment to commence commercial service during the second quarter of 2025. In Appendix C, the Applicants provide a route map for the AMX-1 Cable system in the Caribbean Region (Diagram 3).

Isla San Andrés – Puerto Limón Segment. The segment will directly link Puerto Limón, Costa Rica, with Isla San Andrés, Colombia and connect it to the rest of AMX-1 Cable System on the west path of the Caribbean region as described in Diagram 2 in Appendix C. The Puerto Limón-Isla San Andrés segment will have 747.19 km with the following sub-segments:

| Name    | Description                                                   | Distance (km) | Fiber Pairs |

Each fiber pair has a design capacity of 10 Tbps using current technology.

### C. Landing Points<sup>3</sup>

The Applicants provide specific landing point information (including geographic coordinates and street addresses, where available, for beach manholes and cable landing stations) in the following appendices:

- Appendix D: Ponce, Puerto Rico Landing Station
- Appendix E: Santo Domingo, Dominican Republic Landing Station

<sup>3</sup> See 47 C.F.R. § 1.767(a)(5).

- Appendix F: Isla San Andrés, Colombia Landing Station
- Appendix G: Puerto Limón, Costa Rica Landing Station

#### **D. Regulatory Classification<sup>4</sup>**

With the addition of the Isla San Andrés and Puerto Limón landing stations, the AMX1 System has continued to operate on a non-common-carrier basis. Similarly, the new segment between Ponce and Santo Domingo will be operated on a non-common carrier basis in the same manner as the existing operating segments of the AMX1 System. The underlying facts supporting the AMX1 System’s non-common-carrier status have not changed since the Commission first licensed the submarine cable system in 2013.<sup>5</sup>

#### **E. Cable Ownership Information<sup>6</sup>**

Ponce-Santo Domingo Segment. PRTC will own the proposed new landing station in Ponce, Puerto Rico, and the wet infrastructure in Puerto Rican and international waters. Claro Dominicana owns the landing station in Santo Domingo, Dominican Republic, and the wet infrastructure in Dominican Republic waters. Because Claro Dominicana does not and will not use any U.S. endpoint, it is not required by 47 C.F.R. § 1.767(h)(2) to be an applicant in the instant application.

Isla San Andrés, Colombia. Comunicación Celular S.A. (“Comcel”) owns the landing station in Isla San Andrés, Colombia, as well as the wet infrastructure in Colombian waters. PRTC owns the wet infrastructure in international waters. Because Comcel does not and will not use any U.S. endpoint, it is not required by 47 C.F.R. § 1.767(h)(2) to be an applicant to the

Puerto Limón, Costa Rica. Claro CR Telecomunicaciones S.A. (“Claro Costa Rica”) owns the landing station in Puerto Limón, Costa Rica, as well as the wet infrastructure in Costa Rican waters. PRTC owns the wet infrastructure in international waters. Because Claro Costa Rica does not and will not use any U.S. endpoint, it is not required by 47 C.F.R. § 1.767(h)(2) to be an applicant to the instant application.

<sup>4</sup> See 47 C.F.R. §§ 1.767(a)(8)(i), 63.18(h).

Principal Business: Investments

Ownership Interest: Based upon public filings with the U.S. Securities and Exchange Commission (“SEC”), as of March 31, 2022, the Family Trust holds 28.02 percent direct equity in América Móvil (approximately 51.77 percent of the voting stock). The Family Trust is a Mexican trust that holds AA Shares and L Shares for the benefit of members of the Slim Family. The beneficiaries of the Family Trust are the children of Carlos Slim Helú: Carlos Slim Domit, Marco Antonio Slim Domit, Patrick Slim Domit, María Soumaya Slim Domit, Vanessa Paola Slim Domit, and Johanna Monique Slim Domit.

Name: Banco Inbursa S.A., Institución de Banca Múltiple, Grupo Financiero Inbursa, División Fiduciaria, as Trustee for the Family Trust<sup>5</sup>

Address: Paseo de las Palmas 750, Lomas de Chapultepec, 11000, Alcaldía Miguel Hidalgo, Ciudad de México, México

Citizenship: México

Principal Business: Banking Institution / Financial Services

Ownership Interest: None.<sup>6</sup> The Trustee is the trust division of Banco Inbursa S.A., a Mexican banking institution headquartered in Mexico City, México. The Trustee holds no equity and/or voting interests in América Móvil. Furthermore, the Trustee implements investment decisions of a technical committee, which is composed of the children of Carlos Slim Helú, who are the beneficiaries of the Family Trust, and adopts its resolutions by the favorable vote of 80% of its members. Within the Family Trust documents there are no voting or joint action agreements between the settlors and/or the beneficiaries.

Name: Control Empresarial de Capitales, S.A. de C.V. (“Control Empresarial de Capitales”)

Address: Paseo de las Palmas 750, Lomas de Chapultepec, 11000, Alcaldía Miguel Hidalgo, Ciudad de México, México

Citizenship: México

Principal Business: Investments

Ownership Interest: Based upon public filings with the SEC, as of December 31, 2022, Control Empresarial de Capitales holds 16.90 percent of the equity and approximately 20.82 percent of the voting stock in América Móvil. Control Empresarial de Capitales is a non-public company organized under the laws of México that is owned and controlled by the Slim Family through the Trust No. F/0125 (“Control Empresarial Trust”). At the time of the 2019 Declaratory Ruling, Control Empresarial de Capitales was a subsidiary of Inversora Carso, S.A. de C.V. (“Inversora Carso”) and it held 6.25% equity and approximately 0.56% voting interests in América Móvil.<sup>7</sup> Effective as of March 3, 2022,

---

<sup>5</sup> As noted below, Banco Inbursa S.A., Institución de Banca Múltiple, Grupo Financiero Inbursa, División Fiduciaria, is also the Trustee of the Control Empresarial Trust.

<sup>6</sup> PRTC does not believe that the Trustee is a disclosable interest holder under Section 63.18(h)(i) of the Commission’s rules as the Trustee does not have a 10 percent or more equity and/or voting or a controlling interest in PRTC’s controlling U.S. parent. However, out of an abundance of caution, PRTC discloses the Trustee.

Control Empresarial de Capitales merged with its former parent, Inversora Carso, as part of an internal *pro forma* restructure.

Name: Trust No. F/0125 (“Control Empresarial Trust”)

Address: Paseo de las Palmas 750, Lomas de Chapultepec, 11000, Alcaldía Miguel Hidalgo, Ciudad de México, México

Citizenship: México

Principal Business: Investments

Ownership Interest: 99.99 percent direct equity and voting interest in Control Empresarial de Capitales. The Control Empresarial Trust is a Mexican trust that holds shares in Control Empresarial de Capitales for the benefit of members of the Slim Family. At the time of the 2017 Petition for Declaratory Ruling, the Control Empresarial Trust had a controlling interest in Inversora Carso which, at the time, was the parent company of Control Empresarial de Capitales. All beneficiaries of the Control Empresarial Trust are members of the Slim Family (Mr. Slim Helú, his sons, daughters, and some of his grandchildren). Beneficiaries with a five percent or more interest in Control Empresarial Trust are Carlos Slim Domit, Marco Antonio Slim Domit, María Soumaya Slim Domit, Vanessa Paola Slim Domit, and Johanna Monique Slim Domit.<sup>8</sup>

Name: Banco Inbursa S.A., Institución de Banca Múltiple, Grupo Financiero Inbursa, División Fiduciaria, as Trustee for the Control Empresarial Trust<sup>9</sup>

Address: Paseo de las Palmas 750, Lomas de Chapultepec, 11000, Alcaldía Miguel Hidalgo, Ciudad de México, México

Citizenship: México

Principal Business: Banking Institution / Financial Services

Ownership Interest: None.<sup>10</sup> The Trustee is the trust division of Banco Inbursa S.A., a Mexican banking institution headquartered in Mexico City, México. The Trustee holds no equity and/or voting interests in América Móvil. The Trustee implements investment decisions of a technical committee. The technical committee adopts its resolutions by the favorable vote of 80% of its members and is composed of twenty-one (21) members of the Slim Family (including Carlos Slim Domit, Marco Antonio Slim Domit, Patrick Slim Domit, María Soumaya Slim Domit, Vanessa Paola Slim Domit, and Johanna Monique Slim Domit and some of their children). Within the Control Empresarial Trust documents there are no voting or joint action agreements between the settlors and/or the beneficiaries.

---

<sup>8</sup> It should be noted that, at the time of the 2017 Petition for Declaratory Ruling, the Control Empresarial Trust held a controlling interest in Inversora Carso, S.A. de C.V. Since the March 3, 2022 merger of Control Empresarial with Inversora Carso, the Control Empresarial Trust holds the 99.99 percent interest in Control Empresarial.

<sup>9</sup> As noted above, Banco Inbursa S.A., Institución de Banca Múltiple, Grupo Financiero Inbursa, División Fiduciaria, is also the Trustee of the Family Trust.

<sup>10</sup> PRTC does not believe that the Trustee is a disclosable interest holder under Section 63.18(h)(i) of the Commission’s rules as the Trustee does not have a 10 percent or more equity and/or voting or a controlling interest in PRTC’s controlling U.S. parent. However, out of an abundance of caution, PRTC discloses the Trustee.

Name: Carlos Slim Helú & Family (“Slim Family”)

Address: c/o Alejandro Cantú Jiménez, América Móvil, S.A.B. de C.V., Lago Zürich 245, Plaza Carso / Edificio Telcel, Piso 4, Colonia Ampliación Granada, 11529, Ciudad de México

Citizenship: México

Principal Business: Investors

Ownership Interest: Based upon public filings with the SEC, as of December 31, 2022, 66.68 percent equity interest in América Móvil. As of December 31, 2022, the Slim Family – through their beneficial ownership held by (i) the Family Trust; (ii) Control Empresarial de Capitales; and (iii) their direct ownership of shares – holds 66.68 percent of the equity and 89.50 percent of the voting stock in América Móvil.<sup>11</sup> Other Mexican and foreign investors hold the remaining equity and voting stock of América Móvil. Aside from the Slim Family, no other public investor holds more than 5 percent of the equity of América Móvil. Further, according to beneficial ownership reports filed with the SEC, Carlos Slim Helú and members of his family individually own shares of América Móvil, though none in his or her individual capacity, excluding Carlos Slim Helú, directly own five percent or more of the voting shares of América Móvil.<sup>12</sup>

Name: Carlos Slim Helú

Address: Paseo de las Palmas 750, Lomas de Chapultepec, 11000, Alcaldía Miguel Hidalgo, Ciudad de México, México

Citizenship: México

Principal Business: Investor

Ownership Interest: 8.3% equity and approximately 9% of voting stock in América Móvil. Interest is the aggregate of interests held directly in América Móvil and interests

---

<sup>11</sup> Based upon public filings with the SEC, as of December 31, 2022: (i) 28.02 percent of the equity (approximately 51.77 percent of the voting stock) of América Móvil is owned directly and indirectly, including beneficially owned, through the Family Trust; and (ii) Control Empresarial de Capitales, S.A. de C.V. also owns shares of América Móvil that represent 16.90 percent of the equity (approximately 20.82 percent of the voting stock) of América Móvil. In addition, based upon public filings with the SEC, Carlos Slim Helú and members of his family individually own shares of América Móvil, though none in his or her individual capacity, excluding Carlos Slim Helú, directly own five percent or more of the voting shares of América Móvil. *See 2017 Petition for Declaratory Ruling* at 6 n.12. Collectively, members of the Slim Family, the Family Trust and Control Empresarial de Capitales hold approximately 66.68 percent of the equity and 89.50 percent of the voting stock in América Móvil. As of March 31, 2022, 12.2 percent of the outstanding L shares of América Móvil were represented by L Shares ADSs, each representing the right to receive 20 L shares, and 99.9 percent of the L Share ADSs were held by 6,246 registered holders with addresses in the United States. As of such date, 23.8 percent of the A shares were held in the form of A Share ADSs, each representing the right to receive 20 A shares, and 99.84 percent of the A Share ADSs were held by 3,113 registered holders with addresses in the United States.

When calculating voting shares for the beneficiaries of the Family Trust, the multiplier was not used because the Family Trust voting shares exceed 50 percent. Accordingly, the total voting interests held by the beneficiaries will exceed 100 percent of the vote, which would overstate their actual vote. If the Family Trust were deemed to have 100 percent of the vote, then the aggregate interest of the Slim Family in América Móvil would be 130.2 percent.

<sup>12</sup> This statement is consistent with PRTC’s prior petition for declaratory ruling. *See 2017 Petition for Declaratory Ruling* at 6 n.12, (“[b]ased on public filings with the SEC, Carlos Slim Helú and members of his family individually own shares of América Móvil, though none in his or her individual capacity, excluding Carlos Slim Helú, own five percent or more of the voting shares of América Móvil.”).

held indirectly through Control Empresarial Trust. #### **(7) Certification Regarding Foreign Destination Markets<sup>16</sup>**

PRTC certifies to the following: (A) It is not a foreign carrier in Colombia, Costa Rica or the Dominican Republic, the only foreign destination markets in which the new segments will land; (B) It does not control a foreign carrier in Colombia, Costa Rica or the Dominican Republic; (C) an entity owning more than 25 percent of it or controlling it controls a foreign carrier in Colombia, Costa Rica and the Dominican Republic, as noted in Table 1 above; and (D) no grouping of two or more foreign carriers in Colombia, Costa Rica and the Dominican Republic (or parties that control foreign carriers in these countries) own, in aggregate more than 25 percent of it and are parties to, or beneficiaries of, a contractual relation affecting the provision or marketing of arrangements for the terms of acquisition, sale, lease, transfer, and use of capacity on the new segments in the United States.

<sup>16</sup> See 47 C.F.R. § 1.767(a)(8)(iii).

**(8) Certifications Regarding WTO Status and Affiliations with Foreign Carriers Having Market Power in Foreign Destination Markets<sup>17</sup>**

No response is required.

**(9) Certification Regarding Routine Conditions<sup>18</sup>**

PRTC certifies that it accepts and will abide by the routine conditions specified in Section 1.767(g) of the Commission's Rules, 47 C.F.R. § 1.767(g).

**(10) Eligibility for Streamlined Processing<sup>19</sup>**

PRTC certifies that it is affiliated with a foreign carrier in each of the AMX1 System's destination markets that are the subject of the modification application: Colombia, Costa Rica, and the Dominican Republic. PRTC requests streamlined processing pursuant to 47 C.F.R. § 1.767(k)(3) because the destination markets where the Applicant has an affiliation with a foreign carrier are World Trade Organization (WTO) Members, and PRTC agrees to accept and abide by the reporting requirements set out in Section 1.767(l) of the Commission's rules. In addition, pursuant to 47 C.F.R. § 1.767(k)(4), PRTC certifies that it is not required to submit a consistency certification to any state or territory pursuant to Section 1456(c)(3)(A) of the Coastal Zone Management Act, codified at 16 U.S.C. § 1456(c)(3)(A). Puerto Rico, the only U.S. territory in which there will be a new landing station as result of the instant modification application, does not list nor has it ever proposed to list a cable landing license as a federal activity requiring a consistency certification.<sup>20</sup>

Citizenship: México

Principal Business: Investors

Ownership Interest: Based upon public filings with the SEC, as of December 31, 2022, 66.68 percent equity interest in América Móvil. As of March 31, 2022, the Slim Family – through their beneficial ownership held by (i) the Family Trust; (ii) Control Empresarial de Capitales; and (iii) their direct ownership of shares – holds 66.68 percent of the equity and 89.50 percent of the voting stock in América Móvil.<sup>9</sup> Other Mexican and foreign investors hold the remaining equity and voting stock of América Móvil. Aside from the Slim Family, no other public investor holds more than 5 percent of the equity of América Móvil. Further, according to beneficial ownership reports filed with the SEC, Carlos Slim Helú and members of his family individually own shares of América Móvil, though none in his or her individual capacity, excluding Carlos Slim Helú, directly own five percent or more of the voting shares of América Móvil.

in LATAM. However, out of an abundance of caution, LATAM discloses the Trustee.

<sup>9</sup> Based upon public filings with the SEC, as of December 31, 2022: (i) 28.02 percent of the equity (approximately 51.77 percent of the voting stock) of América Móvil is owned directly and indirectly, including beneficially owned, through the Family Trust; and (ii) Control Empresarial de Capitales, S.A. de C.V. also owns shares of América Móvil that represent 16.90 percent of the equity (approximately 20.82 percent of the voting stock) of América Móvil. In addition, based upon public filings with the SEC, Carlos Slim Helú and members of his family individually own shares of América Móvil, though none in his or her individual capacity, excluding Carlos Slim Helú, directly own five percent or more of the voting shares of América Móvil. *See 2017 Petition for Declaratory Ruling* at 6 n.12. Collectively, members of the Slim Family, the Family Trust and Control Empresarial de Capitales hold approximately 66.68 percent of the equity and 89.50 percent of the voting stock in América Móvil. As of March 31, 2022, 12.2 percent of the outstanding L shares of América Móvil were represented by L Share ADSs, each representing the right to receive 20 L shares, and 99.9 percent of the L Share ADSs were held by 6,246 registered holders with addresses in the United States. As of such date, 23.8 percent of the A shares were held in the form of A Share ADSs, each representing the right to receive 20 A shares, and 99.84 percent of the A Share ADSs were held by 3,113 registered holders with addresses in the United States.

When calculating voting shares for the beneficiaries of the Family Trust, the multiplier was not used because the Family Trust voting shares exceed 50 percent. Accordingly, the total voting interests held by the beneficiaries will exceed 100 percent of the vote, which would overstate their actual vote. If the Family Trust were deemed to have 100 percent of the vote, then the aggregate interest of the Slim Family in América Móvil would be 130.2 percent.

### **(7) Certification Regarding Foreign Destination Markets<sup>13</sup>**

LATAM certifies to the following: (A) It is not a foreign carrier in Colombia, Costa Rica or the Dominican Republic, the only foreign destination markets in which the new segments will land; (B) It does not control a foreign carrier in Colombia, Costa Rica or the Dominican Republic; (C) an entity owning more than 25 percent of it or controlling it controls a foreign carrier in Colombia, Costa Rica and the Dominican Republic, as noted in Table 1 above; and (D) no grouping of two or more foreign carriers in Colombia, Costa Rica and the Dominican Republic (or parties that control foreign carriers in these countries) own, in aggregate more than 25 percent of it and are parties to, or beneficiaries of, a contractual relation affecting the provision or marketing of arrangements for the terms of acquisition, sale, lease, transfer, and use of capacity on the new segments in the United States.

<sup>13</sup> See 47 C.F.R. § 1.767(a)(8)(iii).

**(8) Certifications Regarding WTO Status and Affiliations with Foreign Carriers Having Market Power in Foreign Destination Markets<sup>14</sup>**

No response is required.

**(9) Certification Regarding Routine Conditions<sup>15</sup>**

LATAM certifies that it accepts and will abide by the routine conditions specified in Section 1.767(g) of the Commission's Rules, 47 C.F.R. § 1.767(g).

**(10) Eligibility for Streamlined Processing<sup>16</sup>**

LATAM certifies that it is affiliated with a foreign carrier in each of the AMX1 System's destination markets that are the subject of the modification application: Colombia, Costa Rica, and the Dominican Republic. LATAM requests streamlined processing pursuant to 47 C.F.R. § 1.767(k)(3) because the destination markets where the Applicant has an affiliation with a foreign carrier are World Trade Organization (WTO) Members, and LATAM agrees to accept and abide by the reporting requirements set out in Section 1.767(l) of the Commission's rules. In addition, pursuant to 47 C.F.R. § 1.767(k)(4), LATAM certifies that it is not required to submit a consistency certification to any state or territory pursuant to Section 1456(c)(3)(A) of the Coastal Zone Management Act, codified at 16 U.S.C. § 1456(c)(3)(A). Puerto Rico, the only U.S. territory in which there will be a new landing station as result of the instant modification application, does not list nor has it ever proposed to list a cable landing license as a federal activity requiring a consistency certification.<sup>17</sup>
