APPLICATION FOR EXTENSION OF SPECIAL TEMPORARY AUTHORITY

On behalf of the licensees of record of the Antillas-1 Submarine Cable system, SCL-LIC-19950818-00001; SCL-LIC-19951013-00002, HUB Advanced Networks, LLC (“HUB”) pursuant to 47 U.S.C. § § 34-39, Executive Order 10,530, and 47 C.F.R. § 1.767, hereby respectfully requests that the Commission further extend the previously granted Special Temporary Authority (“STA”) to allow the continued operation of the Antillas-1 Submarine Cable system following the expiration of the prior cable landing license. The Commission previously approved the STA on May 10, 2022, and granted an extension request for the STA on November 8, 2022, placing the current expiration date for the STA on May 7, 2023.¹

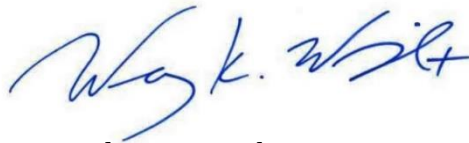

HUB acknowledges, on behalf of the licensees of record, that the grant of this STA will not prejudice any action the Commission may take on the forthcoming underlying application, and that this STA can be modified or revoked by the Commission upon its own motion without a hearing. HUB also acknowledges, on behalf of the licensees of record, that such continued

operation of the cable would remain subject to the conditions set forth in the current cable landing license, granted on July 2, 1996.

HUB submits that the continued operation of the Antillas-1 Submarine Cable system will continue to serve the public interest for the reasons set forth in the application for STA filed on April 12, 2022, and therefore requests the grant of this request.

Respectfully submitted,

Wesley K. Wright
